Debate On Cruiser Bill Draws To Close; Vote Is Near

SPEECHES ON BILL CURBED BY SENATORS

Tyson of Tennessee Starts Discussion By Making Protest Against Delay NATION'S ONLY HOPE

Declares Navy Needed to Protect Philippines In Case of Armed Conflict

BULLETIN
WASHINGTON, Feb. 4.—(UP)—President Coolidge's effort to strike the time limit from the cruiser bill was defeated by the senate today in favor of the congressional plan for laying the 15 new keels, five a year for three years.
An amendment to the cruiser bill by Senator Harrison, Mississippi, which would have carried out President Coolidge's wish to strike out time limit from the bill was rejected by a majority made up largely of "big navy" Republicans.

WASHINGTON, Feb. 4.—(UP)—Debate on the navy cruiser construction bill drew to a close today with speeches limited to 30 minutes each. Senator Tyson, Democrat, Tennessee, started the discussion with a speech endorsing the bill in its present form.

He protested against any delay of construction and opposed the Harrison amendment proposing of the time clause.

"The building of cruisers is the only way America can hope to force naval limitations in the future," Tyson said.

\$7,000,000 Will Suit Blamed On Col. R. W. Stewart

GREENWICH, Conn., Feb. 4.—(UP)—Assertion that associates of Col. Robert W. Stewart are behind the \$7,000,000 McCarthy will suit in an attempt to gain support in their "battle of the proxies" with John D. Rockefeller Jr., has been made by Judge William A. Terney, an executor of the McCarthy will.

The estate of Mrs. Margaret Huntington McCarthy includes \$800,000 in Standard Oil of Indiana stock.
Mrs. McCarthy willed most of her estate to her husband, Dr. James L. McCarthy. The principal contestants of the will are Miss Margaret Cowen, 18, a daughter of Mrs. McCarthy by her first marriage, and Western Reserve university. Miss Cowen, who was left only \$200,000 under the will, charges that Dr. McCarthy encouraged his wife to drink and used undue influence to have her sign the will in his favor.

THIRTY-SEVEN LOSE LIVES IN EUROPE STORM

Twenty-six Lost As Boat Sinks In Portugal Port Sunday Afternoon

LONDON, Feb. 4.—(UP)—Thirty seven lives were taken in Europe by storms and a landslide over the week end, while cold waves closed in on other sections of the continent and earthquakes caused some damage in Asia.
The German cargo boat Delster sank yesterday afternoon in the entrance to the port of Leixoes, Portugal, and the entire crew of 25 and a Portuguese pilot were lost.

The Delster struck a rock at the entrance to the harbor and a lifeboat was sent to it to take off the crew, but rough seas prevented the boat from approaching.

While the 28 men on board huddled together watching the boat maneuvering, a big wave struck the vessel and swept 22 into the sea. The four remaining, including the Portuguese pilot Jacinto Pinto, fell into the water when the mast broke, and drowned before the boat could reach them.

Reports of the avalanche near Alma-Ate gave no details but said merely that 11 persons lost their lives. Alma-Ate is the town where Leon Trotsky, former Soviet leader, was sent more than a year ago in exile.

No reports had been received on the search for survivors of the British steamer Paddington. The Paddington was sighted by a Belgian trawler sinking in a gale four miles northwest of Flamborough Head and two lifeboats were sent to rescue the crew. It was believed the crew had abandoned the vessel.

Severe cold weather and storms affected most of Europe from Poland to Constantinople.

PICTURE INDUSTRY OBSERVES BIRTHDAY

HOLLYWOOD, Feb. 4.—Southern California today celebrated its 21st birthday as a figure in the motion picture industry.

February 4, 1908, the Selig Polyscope company started work on "Across the Divide," a western thriller which ran almost one reel. The action for the picture was taken in the defunct Sing Loo laundry, a studio which measured 50 to 150 feet and which has given way to one of Los Angeles' most pretentious buildings.

Southern California, with Hollywood as the center, now produces more than 85 per cent of the world's motion pictures.
At this time a 10-reel super feature million dollar epic is shot on a 26-acre studio plant with scarcely more ado than was made about "Across the Divide."

COLONEL LINDBERGH HOPS FOR HONDURAS

HAVANA, Feb. 4.—(UP)—Colonel Charles A. Lindbergh, flying a Sikorsky amphibian airplane, left here today for Belize, British Honduras, after a stop of a little more than an hour, continuing his flight from Miami, Fla., to Cristobal, Panama canal zone.

Inaugurating the Pan-American airways company's mail and passenger air service to the canal zone, Lindbergh was also celebrating his 27th birthday today. He left Miami at 6:08 a. m.
Belize, where Lindbergh will make an overnight stop, is about 600 miles southwest of here. The route of the flier will take the plane over the western tip of Cuba, across the Yucatan channel, and along the Yucatan coast to Belize.

60 POLITICAL REVOLTERS IN SPAIN IN JAIL

Prime Minister Continues Thrusts at Rebels Who Have Shaken Nation

BY EMILIO HERRERO (United Press Staff Correspondent)
VALENCIA, Spain, Feb. 4.—Primo De Rivera, prime minister and dictator of Spain, continued his thrusts today at the revolutionary plot which has shaken the tranquility of Spain since last Tuesday.

More than 60 men accused of being politico-revolutionists were held here today, after a threatened outbreak against the government yesterday. Castro Girona, captain general of Valencia was among those held.

Several minor disorders occurred after the 25,000 persons attending a football match here heard that Jose Sanchez Guerra, former premier of Spain, had been transferred on board the warship Canas from the military prison where he had been held since last Tuesday, when the artillery regiment at Ciudad revolted and took control of the city.

The football game had been postponed by authorities when, for a time, the possibility of a revolutionary outbreak seemed imminent here.

General Aguilera was among those arrested. He was confined at the San Francisco military prison in Madrid with Castro Girona. Queipo De Llano Pines, a former cabinet minister and a close personal friend of Sanchez Guerra was arrested, and General Cabanellas was seized in his home despite the fact that his wife is seriously ill.

THREE MEET DEATH IN WEEK END STORM

SAN FRANCISCO, Feb. 4.—(UP)—Week end storms, which seriously delayed railroad traffic, were blamed for three deaths in California.

Three Southern Pacific trains were delayed approximately six hours by the storm. A landslide south of here necessitated transfer of railroad passengers to motor busses. Airplanes scheduled were disrupted. The Shasta Limited, southbound, and the West Coast Limited, were held up while supports of a bridge over Red Bank creek were strengthened. A slide of 15 feet deep covered 60 feet of track between Santa Cruz and Glenwood.

Ed Hoffman, 38, was burned to death and 11 passengers were injured when a bus overturned and burned near Redding. William Beel and Pat Lyon were killed at Santa Cruz during a blinding rain storm.

JUDGE ALLEN WILL APPEAL TO GOVERNOR IN EFFORT TO CURB QUESTIONABLE ADS ON RADIO

A movement designed to regulate radio advertising and to curb alleged misrepresentation on the air was launched today by Superior Judge James L. Allen, who stated that he would get in touch at once with Gov. C. C. Young on the question of securing legislation which would prevent irresponsible statements from broadcasting stations.

A land selling scheme near Nyland, in Imperial valley, advertised last night over KFOX, was mentioned by Judge Allen today as an instance of asserted misrepresentation. Pointing out that he is familiar with the territory in question, he said the radio advertisement located it eight miles north of Nyland, which he claimed would be in the Chocolate mountains. The land there is entirely covered with rock and not worth recording a deed on, according to Judge Allen.

Santa Ana Is Still Seeking To Sell Site

Selection to Be Made Soon By Committee of Naval Officers On Visits

PROVISION for a dirigible base on the Pacific coast was advanced today when the naval affairs committee at Washington, D. C., reported favorably a bill authorizing an appropriation of \$5,000,000 for establishing a new naval base on the Pacific coast.

In reporting the bill Chairman Britten of the committee is said to have remarked that he hoped the base would be situated on San Francisco bay.

Selection of a site will be made by a committee of naval officers, authorized by the measure, and its findings will be reported to congress.
The measure indicates that the naval affairs committee favors the location at one point of the two dirigibles the Goodyear Zeppelin company is now building at Akron for the government. Discussions in the past have been to the effect that the two big ships would be located at different points on the coast.

Santa Ana will continue to fight for selection of a local site for the base, it was said today by George Raymer, secretary of the Santa Ana Chamber of Commerce.

FLIGHT OF GLIDER DECLARED SUCCESS

FRESNO, Feb. 4.—(UP)—The first flight of the glider plane built by the Reedy Glider club was today declared to be a success and plans were being made for another air voyage in the tiny craft.
With an audience of 5000 persons, Fale Drake, former airplane pilot, kept the motorless ship in the air for a distance of a quarter of a mile, after being towed by an automobile to give the glider momentum. He reached an altitude of 200 feet.

The next take off probably will be made from Campbell mountain, it was said.

Utah Not To Send Representatives To Conference on Dam

SALT LAKE CITY, Utah, Feb. 4.—(UP)—Utah will not be represented in any official capacity at a tri-state Boulder dam conference in event one is held, Gov. George H. Dern said today.

"It is a matter concerning the lower basin states," the governor said, "and I do not think it wise for Utah to sit in at the conference in an official capacity. In the event the rights of this state are jeopardized by the states of the lower basin, it will then be time enough for us to act."

Bloodhounds On Trail Of Train Wrecker In South

MEGARDEL, Ala., Feb. 4.—(UP)—Bloodhounds today were used in an attempt to pick up the trail of a person believed to have opened the switch that sent the Sunnysland limited, Frisco flyer, crashing into a box car and killed one man, last night.
Rail officials declared they believed someone opened and locked the switch.
Engineer G. L. Foreman, of Pensacola, was crushed when the locomotive and tender overturned. Fireman Mack W. White was injured, but not seriously.
None of the Pullman cars, crowded with sleeping passengers, was thrown from the track, officials said.

BUSINESS CONDITIONS OVER SOUTHERN CALIFORNIA LAST MONTH ESTABLISH NEW MARK

LOS ANGELES, Feb. 4.—(UP)—Business conditions were favorable in January and every line of industry should show improvement as the year advances, the monthly review of the Los Angeles chamber of commerce said today.

The most sensational development of the month took bank clearings over the one billion mark for the first time in history.
Postal receipts, stock exchange transactions, building permits, employment, wholesale and retail business and apparel were generally better than in January 1928.

Water commerce turned in a 14 per cent increase over last year although coastwise receipts were lower.
The furniture business fell off slightly.

In breaking all monthly records, bank clearings totaled \$1,078,224,435, a gain of 29.7 over January, 1928, and considerable higher than December, 1928.

The month's returns placed Los Angeles in seventh place among all cities in the matter of volume in postal receipts.

Employment showed a slight drop as compared to December, 1928, but the percentage figure was higher than in January, 1928.

Iron and steel, food products, wearing apparel, mill work, printing and lithographing, rubber goods and petroleum all were more active in the matter of employment.

Furniture, play products and motion pictures were below average in this respect.

Petroleum employment was higher than any time during the past 18 months.
Total stock transactions were 62 per cent higher than in the same month of a year ago, and showed a tendency to greater interest in the securities of Southern California companies.

The breaking of ground for the Sunnysland Tire and Rubber company paved the way for Los Angeles to take second place to Akron, Ohio, in the matter of rubber products.

Motion pictures gradually are returning to a more even trend after the upset occasioned by the revolutionary "talkies." Production surpassed that of the previous month although it still was below January, 1928.

Reports from all parts of Southern California indicate that fields and orchards are in good shape with the fruit crop outlook about normal.

The cotton harvest was about completed, the bean situation continued firm, and alfalfa hay was at peak prices.

The new citrus season got off to a good start and the market is expected to improve.

The cotton harvest was about completed, the bean situation continued firm, and alfalfa hay was at peak prices.

He declined to name any figure of increase, but said that a two cent raise is being mentioned. He does not expect any such increase, he said, over the present rate, which is 2.20 cents a pound, with Cuba's differential of 20 per cent making her rate 1.76 cents a pound.

Smoot said there are two steps necessary to protect the American industry, limitation of the Philippine duty-free imports to 500,000 pounds a year, and increased duty.
"We don't propose that Spain and other countries which are producing practically all of the sugar now in the Philippines, shall continue to reap the benefit they now get with unrestricted importation," Smoot said.

He explained that the king of Spain and associates recently had begun operation of a large sugar cane grinding mill in the Philippines.
Discussing his demand for an increase in the tariff, Smoot said the domestic beet sugar industry would be ruined unless an increase is granted. He explained that new grades of sugar cane recently developed have increased the productive capacities of sugar cane, especially in Java.

"With Java producing more and England paying a bounty on that sugar, we've got to take steps to meet the competition," Smoot said.

PRESIDENT HOPES TO VISIT ARGENTINA

WASHINGTON, Feb. 4.—(UP)—President Coolidge today told a delegation of Argentina educators that he hoped some day to pay a visit to their country.
The president gave no indications as to when he might make such a tour, although it recently has been suggested he may travel immediately upon his retirement from the presidency.

EVANGELIST WILL APPEAR IN ASSEMBLY

Will Be Required to Tell Why She Charged Solons With "Dirty" Politics

NOW IN VANCOUVER

Angelus Temple Head to Be Ordered to Testify In Sacramento Feb. 21

BULLETIN

LOS ANGELES, Feb. 4.—(UP)—Superior Judge Carlos Hardy took such an interest in the events which followed the asserted kidnapping of Aimee Semple McPherson that the foreman of the grand jury became "highly incensed," it was testified today before the special state assembly committee investigating the \$2500 check the evangelist gave to the jurist.

"I was so angered by Judge Hardy's interference," William Carter, head of the 1928 jury, said, "that I marked the matter for investigation."

Carter and other members of the jury were summarily dismissed while still probing the story of the abduction of Mrs. McPherson.

LOS ANGELES, Feb. 4.—(UP)—Aimee Semple McPherson, the noted evangelist, will be required to explain to Vancouver, B. C., newspaper interviews in which she placed the brand "dirty politics" on the present special assembly committee, meeting here.

Mrs. McPherson will be ordered before the entire assembly at Sacramento on February 21 and will be called upon to more clearly define her state, Walter Little, chairman of the committee, said.

"When she left here she told us she had complete confidence in the committee and she had nothing to say about politics," Little said. "When she returns under subpoena she can talk all she wants—and she can tell it to the assembly."

The committee's hearing, which resumed this morning, is designated to determine whether impeachment proceedings should be instituted against Superior Judge Carlos Hardy for his act in accepting a \$2500 check from Mrs. McPherson while he was acting as a superior judge.

The jurist specifically is charged with a violation of the state code for receiving an attorney's fee. Both the jurist and Mrs. McPherson have testified the amount given Judge Hardy was a love offering and not payment for legal counsel.

Press dispatches from the northwest quoted Mrs. McPherson as having said that the entire mess was "just dirty politics," that the jurist was falsely accused and that she was just a political pawn.

IN VANCOUVER

VANCOUVER, B. C., Feb. 4.—(UP)—Aimee Semple McPherson, Angelus temple evangelist, "chases the devil" in western Canada today, opening a four square gospel revival within a few hours after her arrival from Los Angeles.

Newspapermen, however, allowed the red haired evangelist little time for revival work. They sought her out constantly with questions concerning the California legislative investigation of a \$2,500 check which Superior Judge Carlos Hardy received from Angelus Temple shortly

Auto Accidents In Santa Ana Last Year Totaled 614

PARALLEL CAR PARKING BEST, REPORT SHOWS

Approximately 50 per cent of the 614 automobile accidents occurring in Santa Ana during 1928 occurred at intersections, it was revealed today in compilation of accident records for the year by Clyde Jenken, city engineer.

Jenken said that his figures were based on accident reports made to the police department and kept by the Auto Club of Orange County and the Auto Club of Southern California and that it is probable that only 80 or 85 per cent of the mishaps are represented.

The resume also reveals that there were 159 angle parking collisions, as compared with 64 parallel parking accidents. The engineer commented on the point that the property damage resulting from the angle parking collisions was several times more than the damage sustained in the parallel parking mishaps, because the angle parking accidents involved smashed radiators and jammed rear-ends of automobiles, while the parallel parking mishaps involved mostly dented fenders or scratches.

Jenken said that he believed placing of bumpers on all cars at a uniform height would be effective in reducing the damage to cars injured in backing out of angle parking stalls.

As compiled by the engineer, the record for 1928 was as follows: Deaths, 4; seriously hurt, 2; collisions at intersections, 278; rear-end collisions, 43; collisions in middle of block, 29; collision with light standards, 8; running into curb, 5; collision with bicycles, 9; collision with motorcycles, 4; collision with road crossing gates, 7; angle parking, 159; parallel parking, 64; total, 614.

Stimson Not In Hoover Cabinet, Washington Hears

WASHINGTON, Feb. 4.—(UP)—Reports that Gov. Gen. Henry Stimson of the Philippines has been offered and has accepted the portfolio of the state department in the Hoover cabinet were denied today by persons closely associated with the president-elect.

The possibility of Stimson for a cabinet post was suggested some time ago and has been in the background of the scene ever since, gaining considerable emphasis the last few days. However, the denial was given without hesitation.

after Mrs. McPherson's mysterious kidnapping.

The legislative inquiry, which developed into a rehearsal of the evangelist's disappearance by the sea and her return across the desert, was criticized severely by Mrs. McPherson.

"It's all dirty politics," she declared. "I'm just a political pawn. There never was a finer man in the world than Judge Hardy, and I'm glad to have given testimony for him. I knew what it is to be falsely accused."

Mrs. McPherson said the \$2,500 check given Judge Hardy was for work done at Angelus temple and said she had to "coax" Judge Hardy to accept it.

"The way it came about was this," she said. "He called me at the temple one day and said he was going to take a vacation. After he left, my mother said it would be nice if we gave him a check for his services. I said I'll give him a check and through a mistake I put on a page in my account book having to do with my defense fund in the trial. On the same page was an item for music and for the services of a Methodist minister."

"Nobody accuses those two persons of having taken money unlawfully," she said.

SEEK AID IN CAMPAIGN ON TUBERCULOSIS

By ELWOOD SQUIRES
(United Press Staff Correspondent)
(Special to The Register)

SACRAMENTO, Feb. 4.—(UP)—Tuberculosis prevention and cure in Orange county will be aided by state appropriation if a bill introduced into the legislature by Senator Herbert Jones of San Jose is adopted.

Cities and counties are empowered to establish and maintain tuberculosis preventoria for the treatment of those susceptible to the disease and convalescent departments or colonies for those recovering. Seven dollar a week for each person confined in these institutions will be paid the city or county by the state.

The act is the last step in making California's system of caring for tuberculars the best in the United States, according to Mrs. Eady Thompson, secretary of the California Tubercular Association. An appropriation of \$150,000 is asked to put the plan into effect.

Only those actually suffering from the disease have been given state attention in the past. With the adoption of this measure those susceptible to the disease will be cared for and those recovering from an attack will be prevented from a relapse.

It is absurd to turn persons recovering from tuberculosis out into an unfavorable environment, Mrs. Thompson points out. A convalescent stage must be given as extreme care as that administered during the actual existence of the disease.

Mrs. Thompson is now in Sacramento to present results of her research into the problem before the legislature. The need for an act to make preventive work possible has occupied her attention for two years.

A school is to be established at Timgura, Peru, for training in agriculture and the breeding and care of livestock in the Andean mountain region.

Deaths

A WORD OF COMFORT

It is difficult to realize that the men and women who have brought encouragement and faith and power to endure into the lives of their fellows by the example they have set amid adversity, are people just like you. To them as to you, sorrow was a new and terrifying experience, apparently robbing life of every atom of joy and blessedness.
Like them, you can drink in strength from God and plod bravely on, determined to show yourself worthy of the love which you know endures, and of the reunion which is sure when all your days are done.

\$25,000 LOSS IS CAUSED BY MYSTERY FIRE

A mystery fire, which broke out on the second floor of the Vanderlip building, at 410 1/2 North Main street, shortly after 9 o'clock yesterday morning, almost wiped out the stock and fixtures of the Rutherford Millinery store, located on the ground floor, and damaged the rooms of the Elite Beauty parlor, on the second floor. The estimated damage was \$25,000.

Firemen today were unable to explain how the fire started. The blaze originated in an empty room back of the beauty parlor on the second floor. The room was destroyed and the flames ate through the floor to the millinery store below.

Fire and Water Damage

Before firemen could check the blaze, fire and water had damaged virtually all of the stock in the Rutherford store. The owners today were ready to take an almost complete loss.

Scores of robes and women's fine silk underwear, valued at hundreds of dollars; purses, worth \$500, and Spanish shawls, silk hose, millinery and other women's articles either were burned up or damaged by water.

The damage in the Rutherford store will be between \$12,000 and

\$15,000, according to an estimate made today by the owners.
The store management announced today that another store would be opened to the public as soon as fire insurance adjusters had made a settlement. The management was unable to reveal where the new store would be located.

The Rutherford store first was opened in Santa Ana 20 years ago and has been 10 years in the location on Main street.

Damage to the beauty parlor above the Rutherford store also was heavy, while the damage to the building itself, will run into several thousand dollars.

Built 35 Years Ago

The building is one of the oldest in downtown Santa Ana. It was built by a syndicate 35 years ago. Aside from the beauty parlor, all rooms on the second floor were vacant. It was in one of these vacant rooms that the blaze started, according to firemen.

The building is owned by A. W. Stahl, of Santa Ana.

The Fuller confectionery, located at 110 North Main street, was forced to close its doors yesterday because of the fire. Water damaged the interior somewhat, but there was no fire loss, it was reported. Fuller announced today that his store had been reopened for business.

DRUGGIST GOES TO TRIAL HERE IN BOOZE CASE

Testimony of Harvey Pearce, star witness for the prosecution, occupied most of the morning session today in the trial of Ralph Kemp, Anaheim druggist, charged with selling liquor. The hearing opened in Superior Judge E. J. Marks' court with Deputy District Attorney S. B. Kaufman handling the prosecution and with T. L. McFadden and Leo Fries defending Kemp. Pearce testified to buying a pint bottle of whiskey from Kemp in his store on December 22. He said he had tried to purchase liquor there a few days before and that Kemp had told him to come back later. He paid \$2.50 for the bottle of whiskey, he said.

On cross-examination by McFadden, Pearce refused to budge from his story and denied that he had gone to Midway City with a man named R. Smith to buy the liquor. McFadden's questions suggested a trip to a bootlegging establishment there and purchase of the booze from a man named Meeks. Pearce denied that he made such a trip on December 22, but admitted making one to Midway City on December 1, which was before he knew Kemp, according to his story.

TWO SEVERELY CUT WHEN CAR STRIKES TREE

Two persons were severely cut by glass when the automobile in which they were passengers left the road four miles south of Irvine station at 4 p. m., Saturday, and crashed into a tree.

The injured were Charles Wright, 23, and Vera Ramsey, 18, both of Sawtelle. They were taken to San Juan Capistrano, where their injuries were given medical attention, and then removed to their homes. They were riding in a machine driven by Mrs. J. O. Grubbs, 34, 1760 Cotner street, Sawtelle. Mrs.

GROGER ROBBED BY BOY BANDIT IN FULLERTON

A slick-haired bandit, neatly dressed and very nervous, held up Frank Brust, Fullerton grocer and service station operator, at his place of business at Highland and Truslow avenues, at 7:30 last night and escaped with \$35 in cash, according to a report received here from the Fullerton police department.

Brust was alone in the store at the time of the holdup. He reported that the man spoke in a high pitched voice and seemed very nervous.

That the bandit may have used a car reported stolen in Fullerton last night was the theory of police. The bandit rode away from the scene of the holdup in a machine resembling the one reported stolen, it was said. The stolen car is the property of Joseph Pritekill, Fullerton.

Grubbs lost control of the machine, according to a report made at the state traffic office here by Officers Adams and Yoder.

TEASDALE ADDS NEW MEMBERS TO BEAN ASS'N.

Larry Teasdale, field man for the California Lima Bean Growers' association, has added a number of new Orange county growers to association membership. It was revealed here today by W. C. Jerome, a member of the board of directors of the state organization.

Teasdale was in this vicinity several days last week, calling on growers and impressing them with the importance of becoming identified with the association.

The field man was assisted in his campaign by the fact that by the close of the selling season the association will have returned its members 9-14 cents a pound for their 1928 productions.

In a recent declaration, R. L. Churchill, manager of the state association, said that the 1929 crop would enter a clear market and that there was every reason to believe opening prices would be most satisfactory.

Husband Declares Wife Tried To Hit Him With Gas Pipe

Jaman Smith, claiming that his wife, Carrie E. Smith, had tried to hit him with a gas pipe and that she neglected her household duties, was seeking a divorce today in Superior Judge H. G. Ames' court.

In his complaint, Smith alleged that his wife had sent for officers to arrest him at one time, but on the witness stand today he declared that the statement in the complaint was untrue in respect to the date named.

Smith testified that between 1920 and 1928 Mrs. Smith had been absent from their home two or three days a week and that he cooked the household meals himself.

THEY PROVIDE THE ROMANCE

Development of the charming love story in "Her Temporary Husband" will be in the hands of Elaine Wharton Williams and Warren Fletcher when that anticipated third production of the Santa Ana Community Players' association opens Thursday night in the Yost Spurgeon theater for its three-night run. Mrs. Williams will be seen in her first starring role with the Players as "Blanche Ingram," while Warren Fletcher will play the part of "Tom Burton."

'Her Temporary Husband'
To Open Three-Day Run
Next Thursday

"A laugh in every line." That is the promise of "Her Temporary Husband," third production of the season for the Santa Ana Community Players, which is to have its premiere on Thursday night in Yost's Spurgeon theater.

"Her Temporary Husband" is a veritable whirlwind of fun, according to the director, Marian Helm Williams, who admits that she has to call an occasional halt in the rehearsals when members of the cast interrupt themselves with laughter. "This is usually when 'Judd' is on the stage," explained Mrs. Williams, who continued by telling of the broad comedy part of this hospital attendant with amusing Cockney accent, who is played by Charles Haas. The young man brings a very nice dramatic sense to his interpretation of the character. It is said, and emphasizes the possibilities of humor until he entertains all the Players working with him.

Well-Balanced Cast
"We feel that we have an unusually well-balanced group for this play," continued Mrs. Williams, who pointed out that practically the entire cast had been fortunate in having stage training in other Community Players' productions or in school dramatic work.

"Her Temporary Husband" finds its setting in a sanitarium for incurable cases, where the action revolves around a little group of attendants.

Of these, the young doctor is played by Jack Baker, while his pretty nurse is enacted by Juanita Wright Fletcher. The two leading roles are those of "Blanche Ingram," mysteriously seeking an aged and decrepit husband among the incurables, and "Tom Burton," who has fallen in love with the fair Blanche without knowing her identity, and who announces at once that he is going to marry her by hook or by crook. These two parts, which admit of many romantic and delightful, as well as amusing scenes, are played by Elaine Wharton Williams and Warren Fletcher.

Suave, Polished Villain
Of course there is a villain—a very suave and polished villain, indeed, in the role of "Clarence Topping," a young attorney aiding Blanche Ingram in her search for an aged husband. Lawrence Phillips, who plays the part, says he knows he will be the most disliked person in Santa Ana Community Players, but his fellow-players have assured him that it takes artistry to present such a character and is worth being disliked.

Such details as special disguises, ridiculous situations and even a rescue from drowning strengthen the climaxes of the comedy and add to the entertainment which will be offered Santa Ana audiences for three nights, Thursday, Friday and Saturday, February 7, 8 and 9. Tickets for the production and reserved seats may be obtained in the Santa Ana Book store, 208 West Fourth street.

REV. HARDING IS RE-ELECTED BY NAZARENES

The Church of the Nazarene voted on a pastor for the coming year at the morning service yesterday. It was learned today. According to the law of the church, such a vote must be taken at least three months before the close of the official year. The year closes May 31 and the vote includes the call until May 31, 1929.

The Rev. U. E. Harding, present pastor, received every vote. One of the laymen stated that although he had been a member of the church here since its organization, this was the first time in the history of the organization that any pastor had received the unanimous vote on the first ballot.

It was announced that the church immediately would take steps toward the erection of a new building, the present building being entirely too small to accommodate the growing congregation and Sunday school.

While definite plans have not yet been announced, it is understood that the congregation will sell its present site because of the lack of room to enlarge.

In his speech of acceptance, last night, the Rev. Mr. Harding said that both he and his family were in love with Santa Ana and his work here.

Mr. and Mrs. George Crane have as their guests for a few days, Mrs. Crane's uncle, John Cline, of Los Angeles, and on Thursday evening, Mr. and Mrs. Crane, S. J. Crane and Mr. Cline were entertained at dinner in the Talbert home of Mr. and Mrs. Allen Giesler, son-in-law and daughter of Mr. and Mrs. Crane.

Mr. and Mrs. David Forbes and their young son, David Jr., have returned from San Pedro to their residence in the J. J. Graham residence.

Mrs. J. J. Graham, accompanied by her sister, Mrs. D. O. Stewart, of Huntington Beach, motored Wednesday to Puente, where they were guests of Mrs. Graham's daughter, Mrs. Virgil Lyons.

Quick Relief From Constipation

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth," bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night to keep right. Try them. 15c, 50c, 60c.—Adv.

CLUB BOYS ENJOY SPORTS OF WINTER

SAN CLEMENTE GAS FRANCHISE SOUGHT

SAN CLEMENTE, Feb. 4.—The Southern Counties Gas company has made a preliminary survey of San Clemente and has decided the city offers a field for its service. This was the statement made here yesterday by C. E. Rutledge, district manager, after an interview with the secretary of the chamber of commerce.

The company at present is serving Laguna Beach and it is from that city that the gas mains will be laid to San Clemente. No estimate of the money needed to bring gas to this city was made.

The company will soon present to the city an application for a franchise within the city limits. From talk about town there appears no danger that the application will be turned down by the city fathers.

Officers Named By Orange Class

ORANGE, Feb. 4.—The senior class of Orange union high school has elected its new officers. They are as follows: President, Ralph Garroway; vice president, Ruth Brubaker; secretary and treasurer, Bernice Vestal; yell leader, Everett Conright; song leader, Bill Mueller; board of control, Catherine Akers and Clarence Bandick.

3 Glasses Water Help Constipation

One glass of water is not enough—take three glasses one hour before breakfast. Much better results are obtained by adding a teaspoon of simple glycerin, saline compound (known as Adierika) to each glass.

Adierika acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Stops gas and sour stomach in TEN minutes! Relieves constipation in two hours. C. S. Kelley, druggist—Adv.

965 Books Taken From Library By Patrons In Month

WESTMINSTER, Feb. 4.—The report for the Westminster public library for the custodian, Mrs. H. B. Anderson, showed a total of 965 books and 45 magazines taken out during the past month. The largest number for one afternoon was 140. It is announced that a children's story teller will be at the local library at 10:30 o'clock, Feb. 15.

SKITS GIVEN AT MEETINGS HELD BY AID GROUPS

COSTA MESA, Feb. 4.—The Ladies' Aid society, section one, met last week in the home of Mrs. Hazel Lowmes, of Eighteenth street. Mrs. F. A. Daley, Mrs. W. Conwell, Mrs. Clark Lamberton and Mrs. N. Butler presented two original skits, "Wife Wanted" and "Safely Crossing the Racks." Mrs. Daley was in charge of the program.

Devotions were in charge of Mrs. R. Vele, the topic was "Take the Shield of Faith."

Mrs. E. A. Randall, Aid president, presided during the brief business session. Twenty-one women were present. Refreshments were served by the hostess.

Section two of the Aid society met in the home of Mrs. H. B. McMurtre on Twentieth street with 18 women present.

Mrs. Hazel Wilcox, program chairman, directed the games. A one-act play, "The Captain's Wife" was given by Mrs. Willard Mellott, Mrs. N. O. Mellott and Mrs. Hazel Wilcox.

Mrs. H. Clark was in charge of the devotions.

Refreshments of cocoa and cake were served.

WORK OF ADULTS IN SCHOOLS EXHIBITED

COSTA MESA, Feb. 4.—The Americanization program under the direction of Mrs. C. G. Huston, given in the Friday Afternoon club, Friday, proved interesting. Mrs. Golden S. Norwood, director of adult Americanization work of the Santa Ana district, gave a talk on the Mexican situation, particularly in regard to schools of adult work. She brought a variety of handiwork from adult schools of the following centers: Delhi, Logan street, Artesia and Costa Mesa.

Mrs. Norwood brought Mrs. T. Higashi, singer, and Mrs. J. Higashi, in native costume, to assist in the program.

Mrs. R. I. Steadman, club president, presided during the business session.

The meeting was held in the small social room, which was appropriately decorated with flags of all nations and California flowers.

WATER BILLS DUE IN SAN CLEMENTE

SAN CLEMENTE, Feb. 4.—Property owners of this city received their first water bills Friday.

For the first time since water was installed in the town by Ole Hanson, founder and builder, it has had to be paid for by the consumer.

A few months ago Ole Hanson turned the \$500,000 system over to the city for a dollar bill.

LAGUNA BEACH BOYS' ACADEMY STARTED SOON

LAGUNA BEACH, Feb. 4.—Construction of the Laguna Beach Boys' academy, promised several months ago, is to commence within 30 days, according to Robert McVicker. The first unit will cost \$60,000 and is to be ready within 120 days after work starts. Bids have been invited.

The school is to be built in units and will occupy a commanding situation on Temple Hills. Mission style is employed. The school is for boys from eight years up, and the curriculum closely parallels that of the public schools, taking students through the high school work. Classes are now being conducted in a residence on Cliff drive pending the completion of the building.

Plans for the building were drawn by Eugene K. Martin, San Bernardino architect. Local men chiefly interested in it are W. N. Wilson and Robert McVicker.

It will be a two-story structure. On the lower floor will be the administration offices and the reception room, temporarily to be used as a library. Beyond on the same floor will be a lounge with cloistered effect, a staircase leading to the boys' studios. On the same floor will be the dining hall, headmaster's quarters and various class rooms.

Surrounding the academy will be a three-acre park which will be beautified in various ways, according to plans announced, with many rare shrubs and plants already purchased to be planted as soon as conditions permit. The park is to be semi-public.

LAGUNA BEACH C. C. BACKS STATE PARK

LAGUNA BEACH, Feb. 4.—Endorsement of the O'Neill ranch as a suitable state park, further reports of committees and discussion of the projected membership drive came before the chamber of commerce Friday evening.

The O'Neill ranch state park proposal was made part of the report of George E. Thompson, delegate to the Associated Chambers of Commerce, and the endorsement given was the second from Laguna, the first having been given by the Lions club. Thompson gave a synopsis of the discussion and action at the Placentia meeting of the associated chambers Thursday.

Reports were made by various committees and the resignation of Jack Power as chairman of the sanitary committee was accepted. After what were considered the essentials of the committee, had been outlined, N. E. West was asked to head the committee. He finally consented to take the matter under advisement.

The meeting was an adjourned membership meeting and as not enough members were present to constitute a membership quorum, it was adjourned until next Friday evening.

OLD RESIDENTS OF SEAL BEACH MEET

SEAL BEACH, Feb. 4.—Stories of days gone by were told when Seal Beach residents gathered in Central auditorium for a reminiscence party last Friday night. Some of the older and honored persons present were Judge J. C. Ord, 86; Mrs. Lord, 81; Henry Holloway, 75; Mrs. Alice Sohn, 74; Mrs. Sproul, 73; Mrs. William Chambers, 71, and Mrs. Mary Washburn, 70.

Mrs. Alice Ann Sohn delighted the friends with a series of old time piano melodies, including "Love's March" and "Grant's March" and later in the evening Mrs. Sohn went back to the piano and played again without the aid of music all the old favorites that the group might sing them once again.

Plates were laid for 25, including Judge J. C. Ord, Mrs. Alice Sohn, Mrs. Sproul, Henry Holloway, Mrs. William Chambers, Mrs. Mary Washburn, Mr. and Mrs. James Graham, Mr. and Mrs. A. E. Bennett, Mr. and Mrs. F. M. Shupe, Mrs. D. P. Proctor, Miss Annie Blomquist, Mrs. Owen Newton, Mrs. Ira Patterson, Mr. and Mrs. Packard, the Rev. and Mrs. R. Fred Moseley, Miss Chrysta Holloway, Mr. and Mrs. C. Ward and Miss Elsie McClelland.

Stockton Doctor Is Mesa Resident

Banner Year For Cars In Orange

ORANGE, Feb. 4.—If prosperity is marked by the large number of new cars registered in this city, Orange is beginning a banner year, says D. A. Martin, secretary of the local branch of the Auto Club of Southern California.

The present year has seen the largest number of cars both new and old registered since 1924, according to the club records.

FOUR ANAHEIM YOUTHS PLACED ON PROBATION

ORANGE, Feb. 4.—Four Anaheim youths ranging in age from 15 to 17 years appeared in Judge Ingie's court Saturday to explain their presence near the bee hives on a ranch at Villa Park last Thursday.

The boys denied any intention of taking honey from the hives. As all were said to be absent from school without the knowledge of teachers or parents, they were given in charge of Probation Officer L. A. Warren, who is to watch their attendance record at school.

The owner of the bee hives discovered the boys on his property and turned their names over to Constable Bartley and Officer Ingie.

HOLD FUNERAL TOMORROW OF ORANGE WOMAN

ORANGE, Feb. 4.—Funeral services will be held tomorrow afternoon at the Gliggley funeral chapel for Mrs. Elizabeth Wickersheim, 63, who passed away at her ranch home on West Sycamore street Friday evening after an illness of three weeks. The services will be in charge of the Rev. W. B. Cole, pastor of the First Methodist church who will be assisted by the Rev. Vull, of Anaheim. Mrs. Wickersheim was a member of the First Methodist church of Orange.

Born in Germany, Mrs. Wickersheim came to America with her parents at the age of eight years, coming to Orange 28 years ago from Lake Benton, Minnesota. She is survived by her husband, C. J. Wickersheim, of this city; Miss Mabel Wickersheim, of Pomona, a trained nurse; Miss Elsie Wickersheim, a teacher in the Los Angeles city schools, and Mrs. L. D. McWirtin, of Los Angeles; four sons, Lewis Wickersheim, of Mayfield, and Ernest, Oliver and James Wickersheim, of Orange; two brothers, Fred Shadewald, of Minneapolis, Minn., and Ernest Shadewald, of Toronto, South Dakota, and one grandchild.

PROGRAM IS GIVEN AT CLUB SESSION

GARDEN GROVE, Feb. 4.—Mrs. J. G. McCracken had charge of the program on international relations which was presented at the regular meeting of the Woman's Civic club Friday afternoon.

Mrs. Helen Woodworth, Mrs. G. Lewis and Mrs. J. M. Woodworth read original papers. A magazine article on the Kellogg peace treaty was read by Mrs. Mary Thompson. Mrs. S. S. Jackson gave a book review. Mrs. J. G. McCracken rounded out the program by giving a brief review.

Mrs. Mary Macintosh, music instructor in the high school, entertained with several vocal selections. The following new members were initiated into the club: Miss Mary Thompson, Mrs. P. P. Rosselot, Mrs. Archie Kearns and Mrs. Broady.

The club decided to donate a tree for the Garden Grove park. It was decided to leave the matter of forming a Mexican clinic with the civic committee, consisting of Mrs. C. C. Violett, Mrs. Camille Nichols and Mrs. Helen Woodworth. The committee will meet with Mrs. Violett Friday to form a civic section. All members of the club are welcome.

LAGUNA BEACH

LAGUNA BEACH, Feb. 4.—Endorsement of the O'Neill project as a state park was given by the Laguna Lions club this week.

Joe Jahraus and Mayor Frank B. Champion were Laguna men who went up in the Standard Oil plane while it was in Orange county.

Mrs. James Willard Schultz was entertained at luncheon Wednesday in Los Angeles by Mrs. Harry Carr.

Mr. and Mrs. A. J. Grant, Mr. and Mrs. George Wilson, Mr. and Mrs. Kelly Wilson and Mr. and Mrs. Shrewsbury spent a day recently at the Grant home in Corona.

Mrs. Tessa Chamberlain was a Los Angeles visitor Saturday.

Miss Evelyn Hudson, who has been a Laguna visitor since June, is leaving for Pasadena to undergo an operation. She expects to return when she has recovered.

Miss Carolyn Daken, of Puyallup, Wn., nurse in a hospital in the northern city, is visiting Mr. and Mrs. T. J. Moen.

George E. Thompson visited Mrs. Thompson and Bobby at Cathedral city this week. They are spending several months in the interior town.

Grandmother Knew

There was nothing so good for congestion and colds as mustard. But the old fashioned mustard plaster burned and blistered.

Musterole gives the relief and help that mustard plasters gave, without the plaster and without the blister.

Gently rub it in. See how quickly the pain disappears.

Try Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back, joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

At the first sign of a cold in the head take Musterole Cold Tablets. They usually give prompt relief.

Better than a mustard plaster

2 Prisoners Flood Cell, Fire Bedding

SEAL BEACH, Feb. 4.—Angered at being detained in the Seal Beach city jail Friday night, when they were arrested for driving while intoxicated, S. B. Ables, Long Beach, and Clide Maupin, of Maywood, set fire to a pile of papers and magazines that had been left in the jail for prisoners. Not content with this they turned on the water faucets and flooded their quarters. When smoke betrayed their activities to the officers the fire was put out and the faucets tightened. Left alone again they set fire to the bedding and mattresses and when this was discovered the officers relieved them of their tobacco and matches.

Fines were imposed for their misconduct Saturday by Judge Wilson.

N. T. EDWARDS, CRAIG SLATED FOR C. C. TALKS

ORANGE, Feb. 4.—Nearly 100 reservations have been made for the Orange Community Chamber of Commerce dinner in the American Legion clubhouse tomorrow evening at 6:30 o'clock.

The principal addresses of the evening will be delivered by Sen. N. T. Edwards, of Orange, and Assemblyman Ted Craig, of Brea. In a letter to V. D. Johnson, Leon O. Whitsett, state railroad commissioner, has signified his intention of being present.

A comedy-drama, "A Mother's Influence," will be presented by the dramatic class of the Orange union high school under the direction of F. L. Carrier. A solo will be given by Miss Melva Fletcher with Miss Leon Des Larzes as her accompanist.

COACH OLIVER PLANS TO SEND BIG TEAM TO RELAY CARNIVAL

Mud and rain have ruined the Santa Ana high school track and practice in this sport will be hampered for a few days until the running path can be graded and leveled off again. The first competition for the Saints will come February 16 at the National Orange Show Relay carnival in San Bernardino. Coach "Tex" Oliver is planning to enter every event he can find men for.

Several of the events tentatively slated on Oliver's entry list include the four man-440 yard dash, the four man-880 yard run, and the four man-mile, each of these relays being for novice athletes. In the open events, the four man-two mile and four man-medley mile will be entered. In the medley mile, the first two runners go 220 yards, the next 440 and the last-880 yards. Santa Ana has held the record in this event at San Bernardino for two years.

The Glendale dual meet, carded here for March 9, will have plenty of club interests. The Poly Movie club will "shoot" the meet for its school movie, now being made. Action shots of the actual track events as well as fake movie scenes will be taken.

Captain Tommy Cone and his squad have been coming along rapidly in pre-season workouts. Al Reboin, star hurdler and sprinter although untimed, looks to be as fast as ever. "Red" Cooke is also threatening to be a sprinter. Norman Paul, brother of the famous "Howdy" Paul, is out to make a mark for himself. He shot puts, broad jumps and sprints.

The third of the renowned Jacques, high jumpers de luxe, is also making good. Paul, brother of Art and Bob, is topping the stick regularly and may prove a real "find." Another probable point winner is "Red" Sullivan, pole vaulter. He figures to be able to do 11 feet or even six inches higher but being also the second baseman on the ball team he will have to move fast to satisfy both coaches.

Although points earned in the javelin throw do not count in dual meets, several Saints should be adept at this art soon. Under the able tutelage of Bill Cook, junior college coach, javelin throwing is increasing. Cook competed on the U. S. C. track teams of several years ago and competed in the I. C. 4A. meet in his favorite event. He slings a spear close to 190 feet when in condition.

FULLERTON, TUSTIN SETTING FAST PACE

The Orange league basketball race remained today just what it has been all season—a sprint between Fullerton and Tustin.

The Indians are undefeated after seven games and Bill Cole's Farmers have lost just once—to Fullerton. This week's schedule sends Fullerton to Orange and Anaheim to Excelsior for Friday contests. Tustin will travel to Huntington Beach Saturday night.

If Tustin gets by Huntington Beach, which lost to Orange, 27 to 16, the Farmers will meet Fullerton at Tustin February 16 in a real championship tussle.

SAINT 'B' FIVE LOSES LEAD IN TITULAR CHASE

Last Week's Scores
Long Beach, 23; South Pasadena, 12.
San Diego, 34; Whittier, 21.
Glendale, 27; Santa Ana, 25.
Pasadena, 23; Alhambra, 14.

This Week's Games
San Diego at Long Beach (Saturday).
Whittier at South Pasadena.
Alhambra at Glendale.
Pasadena at Santa Ana.

Forced out of first place with San Diego, the Saint Class "Bees" will have to win every game from now on to get the Coast Preparatory league championship, all because of a defeat suffered at Glendale last week.

The Dynamiters had to go two extra periods to send the Saints home defeated, 27 to 25, which is a hard dose to take. All hopes that San Diego would also get knocked off by Whittier were dispelled when the Hilltoppers decisively trounced the Poets, 34 to 21.

In the Saint-Poet contest, the locals barely won, 27 to 21.

Coach Bill Cook's henchmen were undefeated up to the time of the Glendale game. San Diego also had an unblemished record. If the Saints win all the rest of their games, they would be tied for first place but would get the title by virtue of beating the other team.

Last year, a triple tie for first place existed at the end of the season. Pasadena finally won the playoff from Santa Ana after the Saints had defeated the Whittier middleweights.

The Woodrow Wilson middleweights will meet the local "Bees" tomorrow afternoon at the local gym at 2:30 o'clock in a preliminary to the varsity game. Pasadena will come here Thursday for a league fracas.

Coach Cook probably will try out some subs tomorrow and save his regulars for Thursday, although his first string, consisting of Asa Herren and Russell Sullivan, forwards; Elwood Lindley, center, and Captain Jim Hall and Bill Erb, guards, probably will see some action. Others in the game will be Homan, Smith, Winslow, H. Higashi, K. Higashi, Chamberlain, McChesney and Thornhill.

Twelve years have gone into the discord since these gladiators shook hands as a preliminary gesture to their ensuing 10-round battle, and both of them will be remembered as long as boxing exists.

The blond young giant on the left is Frank Moran, famous for his "Mary Ann," a right-hand wallop which left destruction in its wake. His opponent is Jack Dillon, known as the Giant Killer, a young man who holds the light heavyweight title for eight years.

Telegraphed His Punches
Moran has been out of the game for some time, the crowning stroke of his downfall being his defeat by Joe Beckett in London six years ago. Anybody whom Beckett conquers is thereafter a black sheep in ring circles.

As previously stated, Moran's featured blow was his Mary Ann. The only trouble with it was that his opponent could see it coming a mile away, and this enabled a clever man to jump out of danger's path. Moran and his right hand consulted a big cog in the White Hope tourneys of Jack Johnson's reign.

Moran and Johnson met at Paris in 1914 just before the start of the World war, and for 20 rounds the Pittsburgh blond gave the Galveston black a terrible battle, but Johnson's great ring generalship saved his title.

On the night here pictured, Dillon and Moran came together at Washington park, Brooklyn. In the center is Matt Hinkel of Cleveland, the only out-of-town referee ever appointed by the New York boxing commission. Announcer Frank Purdy, seen at the left, is still functioning at various shows in New York.

At that time Washington park was in the limelight as a baseball field for the new defunct Federal League. It was paid for by John Ward, bread king. Night baseball was attempted there, but everything turned out for the worse. Since then the park has been turned into a storage warehouse.

The fight marked one of the big steps in Moran's downward trend. Although the 10 rounds were to no decision, the possession of Mary Ann suffered a neat laceration at the hands of the Giant Killer. But later in the year Dillon, himself, met oblivion, losing his title to Battling Levinsky at Boston.

LOCAL COLLEGE IS OUTCLASSED BY CHAMPIONS

Undefeated in 12 games, the Long Beach Vikings today had clinched the championship of the Western division of the Southern California Junior College conference following their 35 to 15 victory over the Santa Ana Dons in Andrews gymnasium here Saturday night.

Running riot on the assault behind the sensational bucket-wafting of Captain Frank Hopkins and the Davis brothers, and maintaining an airtight defense, the Vikings encountered little trouble in subduing the Santa Anans. Long Beach played its finest ball in the first half to manufacture a 16-1 lead, not allowing the Dons a single open shot.

The Vikings team plainly outplayed the Dons in every department of the game and displayed a class never seen in junior college basketball circles. They literally ran wild over the Santa Ana team and scored almost at will, at the same time playing such a fine defensive game that the Dons never were able to get shots from anywhere but near the center of the floor and at utterly impossible angles.

Long Beach was all over the floor and with their superior height and clever dribbling and passing baffled the Dons guards all night. The Vikings encountered little trouble in subduing the Santa Anans. Long Beach played its finest ball in the first half to manufacture a 16-1 lead, not allowing the Dons a single open shot.

The lineup:
Long Beach (35) Santa Ana (15)
Frank (11).....F..... (9) Youel
Hopkins (6).....F..... (2) Hogue
Osler (4).....G..... (1) Oslar
W. Davis (8).....G..... (1) Beatty
Linnell.....G..... (1) White

Score by Halves
Long Beach 16-19-35
Santa Ana 11-14-25
Long Beach substitutes—Lower for Frank, Thomson for Hopkins, A. Davis (2) for Thompson, Rimmer for Osler, Sagehorn for Linnell and Mobley (2) for Sagehorn.
Santa Ana substitutes—Tanaka for Hogue, Kolkhorst for Tanaka, and Sweetnam for White.

Trojan Cagers To Take On Orientals
LOS ANGELES, Feb. 4.—Opening an extensive United States continental tour, the Federal basketball team will meet the University of Southern California five Wednesday night at the Trojan gym.

The first of a series of international basketball contests in which the famous China team will participate, the game will offer a highly interesting comparison between the manner in which the court pastime is played at home and in the Orient.

Armand And Loughran In Good Shape

LOS ANGELES, Feb. 4.—With each principal pronouncing himself in perfect condition after completing preparations for the bout, Pacific Coast fans today eagerly awaited the 10-round match here tomorrow night between Tommy Loughran and Armand Emanuel, the San Francisco barrister.

Although Loughran's light-heavyweight championship will not be at stake because the fighters will weigh in above the 175-pound limit, coast fans are displaying a keen interest in the encounter.

Sports writers who rate Emanuel as one of the Far West's leading prospects expect the Jewish scrapper to make things extremely interesting for the champion.

Loughran won a decision over Emanuel in New York a year ago.

SAINT VARSITY TO PLAY TWICE IN THIS WEEK

Greatly encouraged by their brilliant victory over Glendale when they looked and acted like a real basketball team, Coach Clyde Patton's Santa Ana high school varsity players today prepared for a non-conference game in Andrews gymnasium tomorrow afternoon with Woodrow Wilson high school of Long Beach. The Wilson quintet is tied for first place in the Bay league.

The Saints are hopelessly out of the running for the Coast Preparatory league championship because of defeats by Long Beach, Whittier and South Pasadena but they hope to make a fast finish by capturing their remaining contests with Pasadena, Alhambra and San Diego. The Pasadena battle will come Friday, at Pasadena.

The addition of Maxon Stull, new center, probably had something to do with the Renaissance of the Saints. Stull has been in school but was ineligible. He plays center with the best of them and allows Byram Armour to team up at forward along with Captain Curt Youel. This trio combined with Jack Bender and Harold Long, guards, is plenty good.

The feature set-to of the week's schedule will be that at San Diego between the league's two undefeated leaders, Long Beach and San Diego. This contest will virtually decide the championship. The teams appear to be evenly matched.

Country Club's Win By Forfeit Still In Doubt

Whether Santa Ana Country club will be allowed the nine points won by forfeit from Palos Verdes yesterday will be a matter for Southern California Inter-Club league officials to decide, it was stated here today. Palos Verdes players said it would be impossible for them to play team matches on Sunday.

Ed Holmes, local club champion, and A. G. Flagg won match play competition here over the week end. Holmes, five down, bested Lew H. Wallace, six down, and M. B. Lacy, seven down, in Class A play Saturday. "Tex" Oliver, four down, was first in Class B. P. G. West, E. C. D. Pettitt, M. Rossan and Dr. Wallace tied for second.

Flagg, the Sunday winner, was trailed by Hugh Lowe and J. L. Ainsworth.

AVIATORS PLAY 13-INNING TIE WITH SWIFTS

"Slim" Comford's Westminister Aviators and Swift's Premiums wrangled for 13 long innings at the Zenith airport yesterday before the umpires declared it "no contest" on account of darkness. The score was 3 to 3.

Strictly a pitcher's battle between L. Williams and "Fuzzy" Page of Westminister and Rogers of the Premiums, the battle was forced into extra stanzas when the Airmen tied the score in the last half of the ninth with a two-run rally. The Flyers got the jump, scoring in the first but the Swift team got two in the second and another in the fifth.

Williams and Page whiffed 21 between them and allowed only six bingles. Rogers fanned 12 and set the Flyers down with seven base knocks.

Coach Jones To Address Tustin Boys

Howard Jones, University of Southern California football coach who has just signed a new long-time contract, will be the guest of honor at Tustin high school Friday night when all Class A sport lettermen and their fathers will banquet in the Tustin cafeteria at 6:30 o'clock.

"Jeff" Cravath, of Santa Ana, one of Jones' chief assistants, also is expected to attend and like his superior impart a few words of athletic wisdom to the boys.

The dinner will be held under the auspices of the Tustin Lettermen's club into the mysteries of which several new members will be initiated.

On account of the banquet the Tustin-Huntington Beach basketball game will be played Saturday night, Coach Bill Cole announced.

BOSTON BRAVES OVERHAUL CLUB FOR FLAG RACE

(Herewith is the fourth of a series of 16 articles discussing the added strength to the various major league baseball teams. The fifth article will cover the Chicago White Sox.)

By GEORGE KIRKSEY
United Press Staff Correspondent
NEW YORK, Feb. 4.—From manager to mascot, the Boston Braves have been completely overhauled.

With a former New York magistrate who never played professional baseball as new manager and two heroes of the 1914 "miracle club" as assistants, the Boston club is the most uncertain looking outfit in the National league. Judge Emil Fuchs and his lieutenants, Johnny Evers and Hank Gowdy, have a squad of 37 players, 16 of whom are newcomers.

Of the Braves' 16 new players, six of them are major league veterans and two of the seven outstanding recruits are 33 years old. **Strange Mixture**
The ranks of the Braves will be made up of a strange mixture of youngsters and veterans. Only three of last year's regulars, excluding the pitchers, are certain of places on the 1929 team. George Sisler at first base, Lance Richbourg in the outfield, and Zach Taylor behind the bat may be reasonably certain of their places, but the other positions are doubtful.

Three newcomers are expected to fill out the infield. Freddy Maguire obtained from the Cubs in the Hornsby deal is slated for second base, but may get quite a battle from R. B. James, a 32-year-old infielder who batted .223 for Omaha. James hit 16 home runs and stole 30 bases last season. "Rabbit" Maravilla, who was a member of the world championship Braves with Evers and Gowdy 15 years ago, has been obtained from the Cardinals for shortstop. Joe Dugan, veteran third baseman of the New York Yankees, is slated for third base if Lester Bell is traded to the Cubs as expected.

George Harper, who came to the Braves from the Cards with Maravilla, will be tried in the outfield berth. Earl Clark, who batted .373 for Providence, and Al Moore, who batted .326 for Buffalo have been touted as real finds. Clark is only 21 and appeared in a few games for the Braves last season. They may break into the outfield.

Three Promising Rookies
Among the Braves' six new pitchers are three promising recruits. They are Harry Seibold, who lead the International league pitcher last year with 22 victories and six defeats; Bruce Cunningham, who won 17 games and lost 12 for Los Angeles; and G. V. Leverette, who won 19 games and lost 12 for Indianapolis. Seibold and Leverette are each 33, but Cunningham is only 23.

Seibold, who played with Reading last season and who had a trout with Percy Jones, Maguire and Louis Leggett, a promising young catcher, in the Hornsby trade. Jones, veteran southpaw, who won 10 games and lost six for the Cubs last season, is expected to win a regular berth on the pitching staff.

Another young pitching prospect is George Peery, southpaw, who won 21 games and lost 11 for Wichita last season. He is only 23.

Pat Collins, veteran catcher from the Yankees, probably will divide the catching assignment with Taylor unless Leggett or Richard Smith from Montreal make good in sensational fashion. Leggett batted .346 for Reading last season and Smith batted .293.

PORTLAND CLUB STAKES ALL IN YOUNG PLAYERS

Tom Turner, president of the Portland, Ore., baseball club which will train at the Orange County Fair grounds this spring, has received the signed contracts of four of his players, it was learned here today.

Gale Staley, infielder; Curt Fullerton, pitcher; Charley Bates, outfielder, and Johnny Saunders, catcher, are the men who have agreed to Beaver terms.

Jim Keesey, hard-hitting first baseman, who is wintering in Portland, is said to be holding out for more money but Turner does not expect much difficulty in convincing the big fellow that his terms are liberal. Keesey batted and fielded well last season and is said to feel that he should be well paid for it.

With the Portland training camp scheduled to open here informally with the arrival of the pitchers and catchers February 18, it has become more and more apparent that President Turner is going to stake everything on youngsters this summer. In other years the Beavers have brought into the Coast league a host of hard-hitting but slow moving veterans but this term he has recruited an unimpressive looking lot of kids who, however, are ambitious and will hustle hard.

Of the motley crew which gathered here a year ago only a handful will return this spring. The holdovers will be Keesey, Rego, catcher; Knothe, infielder, and Ortman, pitcher. Tomlin, pitcher, may or may not return.

To replace the departed Turner has signed a number of rookies and collegians and several youngsters who made good records in Class A and Class B leagues last term.

HOCKEY AND SLIDES

Henry L. Farrell

DID YOU KNOW THAT—
"Chick" Meehan has lost only 13 games in the nine years he has been coaching at Syracuse and New York university. . . . Walt Johnson isn't going to pitch any for the Washingtons. . . . Just a bench manager. . . . That's all. . . . Harry Hellmann is listed as a first baseman on the Detroit roster. . . . As someone told "Bucky" Harris that Alexander, who slayed them in the minor leagues, couldn't field. . . . Bob Shawkey may go back to the Yankees as a coach. . . . They say he's a great influence. . . . Tom Lieb, rated as the best line coach in football, has gone back to Notre Dame from Wisconsin. . . . And he may be the fellow handy when Rockne asks to go. . . . Billy Barton, the Baltimore hedge-hopper, is a co-favorite in the Grand National steeplechase. . . . At 16 to 1. . . . Tony Lazzeri is to drive from San Francisco to St. Petersburg. . . . And he'll have to have the filling station receipts for Ed Barrow. . . .

was sent into raptures by the report that Knute Rockne was being lined up to take the job. . . . At about the same time the good people of Seattle were enchanted by semi-official information that the Notre Dame wizard had not been insulted when he was offered the head man's job at the University of Washington. . . . Alumni of Notre Dame hastened to inform the misguided townspeople that they were all wrong and that they were in pursuit of a dream. Mr. Rockne was under a long-time contract from which he would not be relieved. The failure of Columbia's effort to get him several years ago proved that. Furthermore, and in addition, Mr. Rockne wouldn't leave Notre Dame. . . . And, as Mr. Rockne already has sounded the spring football call at Notre Dame, it seems obvious that he will be seen in his old familiar role this fall in all the places that the wandering N. D. squad appears. . . .

HE WAS GOING TO
But, at one time late last fall and before the alert newspapermen found out about it, there was not only a probability but a strong possibility that Rockne would manage a change that would transfer him to Ohio State. The newspapermen found out about it. One Columbus paper printed the story that Rockne was the new coach and the works were jimmied. . . . When Rockne was approached by the agents of Ohio State he called their attention to the fact that he was not at liberty to talk business. There was the matter of a contract that had several years to run. He did not dismiss the subject entirely, however. He had an idea that he might get a release from the contract. But there could be no mention or even a hint of another offer. He would have to sell the idea that he ought to be allowed to resign. . . .

FRANKNESS PAYS
But before he had a chance to talk to the people at Notre Dame the story was in the paper and the one possible angle had been blown. . . . The newspaper couldn't be blamed. The story was out the athletic officials at Ohio State wouldn't say a

DONS TO FIGHT FOR RUNNER-UP POSITION

With Long Beach already "in" as basketball champion of the Western division of the Southern California Junior College conference, attention will now center on the race for second place between Santa Ana, Compton, Fullerton and Pasadena. Coach Bill Foote's Dons go to Glendale for their next game, and they will have to get along without "Whitey" White, veteran guard,

who became ineligible by the decision against the champion five of the Eastern division of the conference, probably San Bernardino. This series, a two-out-of-three proposition, will open February 16. The winner will meet San Mateo, Northern California J. C. titleholder. Conference statistics:

lot of people won't do business that way.

LOOKING FOR BETTER SPOT
Rockne is said to have let it be known in confidential channels that he is not bound to Notre Dame for life by his contract or by sentiment. He's smart and he knows that a coach is a successful coach only as long as he has the material to play with and the material at Notre Dame doesn't look

so promising for a number of years. Notre Dame had a longer run of fine talent than any other school in the country, but there seems to be a natural law that a shortage follows periods of plenty. The Notre Dame coach seems to think that Notre Dame has had its run of plenty.

MILLER TO START IT
Ohio State still hopes to get Rockne and Don Miller, one of his immortal Four Horsemen, will have given the university a fair idea of Rockne football by the time his contract at Notre Dame has expired.

Stribling Trains In Light Of Moon

MIAMI BEACH, Fla., Feb. 4.—Young Stribling of Georgia fears he will lose badly needed weight if he trains too severely for his bout with Jack Sharkey of Boston. The young Southerner will introduce an innovation in conditioning by doing his road work by moonlight.
As for Sharkey, he refuses to do any at all, confining himself to daily golf.

'NANNETTE'S' IS ATTRACTIVE SHOP

"It is, without doubt, one of the most attractive places I have seen," declared a pleased patron Saturday at the opening of "Nannette's," that new millinery shop in the Broadway Development property, Broadway and Third street, just opened by Mrs. Edward Richards, formerly Miss Nannette Goldenberger.
"Nannette's" has been an estab-

lished business in Santa Ana for a number of years and, in moving from her former stand at 323 West Fourth street, Miss Goldenberger expressed herself as being more than satisfied with the beautiful corner room she was able to secure in the new building. The shop is harmonious in its fittings of soft gray woodwork and rough plaster walls tinted to harmonize. Adding distinction to the hangings used is a particularly handsome tapestry suspended against one wall, while from the overhanging balcony, where the business office is hidden from sight, a velvet rug sways against the neutral tones of the plaster.

AUTO SHOW TO OPEN HERE ON FEBRUARY 24

Robert Cavenagh, organizer and director of automobile shows, came to Santa Ana today to remain until after completion of an exclusive automotive show he has scheduled for this city for the week of February 24.

Cavenagh announced that he had procured a site on East Fifth street, on property immediately at the rear of the E. W. Wood Lumber company plant on East Fourth. A water-tight tent will be placed on the site.

Cavenagh directed the show put on here in February, 1925, and, following the event, automotive men here declared it the most successful exclusive show ever held here.

Cavenagh said today that he had received every encouragement from men dealing in automotive equipment and that he anticipated one of the best displays seen here since his former show.

The show date selected by the director is the week before the annual display by Los Angeles dealers.

'PARTY BURGLAR' IS ACTIVE AGAIN

Santa Ana's "party burglar," who is an occasional unwelcome guest at card parties here and there about the city, made another call Saturday night, this time at the home of Dr. Claude E. Oleweller, 521 West Nineteenth street.

The thief apparently was interrupted before he entered the room where the guests' coats had been placed and he escaped with \$2 in cash found in the kitchen.

Mrs. Oleweller went to the kitchen at 10 o'clock and heard the thief jump out a back window and make his escape. Nothing else was reported missing.

Entrance to the house was gained through a rear window.

BREA

BREA, Feb. 4.—Mr. and Mrs. J. E. Reed and family are newcomers to Brea from Long Beach and are residing in the L. A. Will property on South Orange street. Mr. Reed is employed by the Shell Oil company.

Miss Alice Packelman, daughter of Mr. and Mrs. P. J. Packelman, is at the home of her parents here for an extended visit. Miss Packelman has been employed in Los Angeles for the past two years or more and is at home for a rest and change.

Bee Hive members will entertain guests at their meeting Monday. A pot luck luncheon will be enjoyed at noon, after which a short business session will be held. The afternoon will then be devoted to playing five hundred.

Brea matrons who yesterday afternoon attended a card party given by the Friendly circle of Ami Tai chapter, O. E. S., in the Masonic temple in Fullerton were Mrs. Rosalie Williams, Mrs. Florence Davis, Mrs. Miriam Pfeiffer, Mrs. Beatrice Livingston, Mrs. Alice Lynes, Mrs. Josephine Robinson. Mrs. Pfeiffer was awarded the consolation prize.

Mrs. Florence Mathews, postmaster in Brea, in company with Mr. and Mrs. Baby of the La Habra post office, motored to Balboa Wednesday evening to attend the banquet and meeting of county postmasters. The affair was held in the Palisades Club house with Mrs. Ida Naylor, Newport postmaster, as hostess.

Manager "Bill" Craig, of the Red Lantern theater reports a packed house at the opening of the remodeled showhouse last night. The theater has been closed for some months. The management was taken over recently by the owner of the building, the Brea Investment company.

Fourteen chickens were stolen from A. C. Hasenyaeger, 1111 West Washington avenue, Saturday night, according to a report made to the police. The wire fence around the yard was cut, allowing the thieves to gain entrance.

M. Lay, 1416 Maple street, Santa Ana, reported to police yesterday that his machine was stolen Saturday night in Pomona.

George Miller, 36, truck driver, of 1301 West Palmyra street, Orange, was lodged in the county jail at 3 p. m. Saturday, by Officer C. V. Adams, of the city police force, on a charge of driving while under the influence of liquor.

200 AT MEETING OF BIBLE CLASS

Approximately 200 men attended the regular meeting of the Santa Ana Men's Community Bible class, held in the West Coast-Walker theater yesterday morning.

Special musical entertainment was furnished by a 30-piece harmonica and accordion band, led by Miss Maxine Zolman. A 15-minute concert by Ingham's orchestra followed.

The principal speaker was W. S. Buchanan, who gave a 20-minute lesson talk.

Announcement was made from the platform that another class dinner would be held in the First Christian church on Tuesday. All members were invited.

PAPER CONTEST IS STARTED BY SCOUTS

PLACENTIA, Feb. 4.—George Zwasehka, leader of one of the patrols of Boy Scout troop No. 100, challenged the other two patrols to a paper gathering contest at the regular meeting Friday night. The boys are collecting newspapers and selling them for expense money.

Plans were made to attend the Scout rally which is to be held February 15 in Anaheim union high school.

TO DRY STRAWFLOWERS

Grow some strawflowers in your garden this spring. Their colorful blooms can be cut and dried for winter decorations. The secret is to dry them quickly with heat when they are cut. If not dried quickly, the flower head will continue to grow after being cut and so the seed will shell. All everlasting flowers should be dried with heat.

PLACENTIA, Feb. 4.—Organization of the Calvary church choir was completed at a meeting which was held in the home of Mr. and Mrs. C. L. Green on Main street Friday evening.

Mrs. C. H. Copeland is president of the choir, Miss Florence Ruddick, vice president; Mrs. C. L. Green, secretary; O. W. Lille, chaplain; C. L. Green, treasurer; Ira W. McNamers, choir director.

Refreshments were served, Mr. and Mrs. Ira McNamers assisting Mr. and Mrs. Green in entertaining.

TALBERT

TALBERT, Feb. 4.—Mr. and Mrs. George Bushard and sons, Jack and Jimmie Bushard went to Long Beach last week to visit Mr. and Mrs. T. R. Way, son-in-law and daughter of Mr. and Mrs. Bushard, and their two small grandchildren.

Mr. and Mrs. Cousins, parents of Mrs. O. E. Folkert, and their sons, who arrived recently from Iowa and have been house guests in the Folkert home, have decided to make their home in this state and will locate in Talbert. A house was moved this week to the Folkert ranch, being located on the opposite side of the ranch from the Folkert home and Mr. and Mrs. Cousins and family will reside there.

Mr. and Mrs. S. E. Talbert and Mr. and Mrs. Ben Rogers attended the funeral in Long Beach Thursday morning of Claude Carter, a brother of William Carter, brother-in-law of Mrs. Talbert and Mrs. Rogers. Mr. Carter leaves his wife and four children.

Word was received Thursday by Mrs. M. L. Thurman of the serious condition of a cousin, Major Shrode, of Long Beach.

Mrs. Mary V. Bushard, accompanied by Joseph Kagerer, of Los Angeles, were luncheon guests Thursday in the home of one of her sons, George Bushard, and spent the afternoon with another son, Louis Bushard.

Pountain Valley school's basketball teams played a game with Seal Beach and scores stood at 14 to 9 in the boys' game, and 23 to 12 for the girls, with Seal Beach winning both games.

The Fountain Valley team members playing were Adello Garcia,

center; Refugio Morena and George Nishli, forwards; William Lamb and George Okada, guards, and Charles Ishii, substitute; Naomi Ellis and Vanona Herman, guards; Emma Boer and Lucy Fiera, forwards; Goldie Cluts and Mitsui Hiyaaki, centers, and Margaret Helm, substitute.

Mr. and Mrs. Earl Lamb, with Mr. Lamb's mother, Mrs. Elizabeth Lamb, and her sister, Mrs. Harri-son, of Santa Ana, returned Tuesday night from a trip to the former home of Mrs. Lamb in Salt Lake City, Utah.

Moving pictures showing life in Japan will be shown this evening by the Japanese association in the local hall.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Demurrers To \$300,000 Callicott 'Death Suit' Filed

MOTHER HAS NO RIGHT TO COURT ACTION. CLAIM

That Mrs. Emma Callicott, mother of John D. Callicott, who was shot and killed Nov. 15, by J. W. Montgomery at the California Gun club, has no right of court action against Montgomery in the \$300,000 damage suit brought against him by her and by Callicott's widow, Mary Louise Callicott, was declared today as proceedings in the case were being put under way.

DIVING THIS BOY'S HOBBY

"Into the depths" is apparently the slogan adopted by Robert McLean, Santa Ana junior college football star, who has invented a diving helmet with which he explores the bottom of the ocean in the vicinity of Laguna Beach and other Orange county seaside cities. Taking such materials as he had at hand, young McLean devised a helmet which is believed to have a decided market value by those who have seen it in operation.

ROBERT McLEAN INVENTS NEW HELMET ELIMINATING NEED OF WEARING HEAVY DIVING ARMOR

Although devoting his time in the Santa Ana junior college to majoring in astronomy and physics, Robert McLean, of 121 South Birch street, has been devoting his out-of-school hours to perfecting a diving helmet which has proven highly practicable in waters of from 20 to 30-foot depth and which, according to those who have watched the functioning of the device, promises to have a decided market value.

Young McLean is the son of Mr. and Mrs. D. C. McLean, of Coronado, and in this, his first year in the Santa Ana junior college, he won place as tackle on the football team. His interest in athletics extends to swimming and he was on his high school swimming team for three years. Some time ago he became interested in deep sea diving and turned his attention to the construction of a helmet which would obviate the necessity of the heavy diving suit in general use.

Weights Under 60 Pounds
"When you go beyond 30 feet in depth the suit is necessary to withstand the pressure of the water, but up to that point the pressure is not noticeable except on the head," he declared in explaining his invention. Using the materials that came to hand, the youth constructed his helmet from a section of an old water heater with a glass plate over the face, one-third inch in thickness. This plate is screwed to place and may be removed at will. Forty feet of air hose and a double action pressure pump furnish the oxygen necessary to the diver and the whole device weighs under 60 pounds—a weight which is purely negligible as soon as the diver has gone under the surface of the water.

Only one man is necessary as an assistant and "Bill" Cook, junior college coach, has been accompanying the young inventor on his trips, aiding in manipulating the apparatus as well as "manning" the pump from the anchored boat employed. "The chief advantage in the helmet is the fact that there is no clumsy diving suit to impede the free use of one's arms under the water," declared McLean. "Also, if anything goes wrong, it takes but a moment to remove the helmet and swim to the surface, where, with the regulation diving suit, the diver is helpless once he is submerged, for it is impossible for him to extricate himself from such a suit."

EDDIE MARTIN SEES DANGER IN STATE AIR LAW

Eddie Martin, of Martin's airport, today called attention to the situation in aviation in California. Some nine bills have been introduced to the legislature regulating aircraft and flying. These bills levy taxes upon aviation activities, provide for absolute control of aviation by the motor vehicle department and the state railroad commission and provide for state licensing of aircraft, pilots, airports and business managers of companies.

Martin pointed out that the United States, through the department of commerce, under President-elect Hoover's administration, has worked out a very wise method of handling commercial aviation. These federal rules insure the safety of the public by providing federal inspection of aircraft and licensing of pilots under rigid examinations, he said.

"The department of commerce, being a national body, has no jurisdiction on flying totally within the boundaries of one state and consequently has asked that separate states enact laws simply enforcing these federal regulations. The department of commerce has asked that no other regulation be attempted at this time by states inasmuch as additional regulation will do much to stifle and hamper legislation.

"One bill, senate No. 418, introduced by Senator Joseph L. Pedrotti, of Los Angeles, simply makes unlicensed flying illegal. This bill is indorsed by all phases of the aircraft industry. Legislation other than this will, in the opinion of men who are familiar with the situation, be a tremendous handicap and, it is stated, will cause new aviation activities and capital to shun California."

Technical courses will be given in all secondary schools of Chile, under a recent presidential decree for standardizing secondary schools and for their adaptation to the needs of different sections of the country.

Coach Cook and McLean spent a recent Saturday at Laguna Beach, where they anchored offshore in water some 25 feet in depth. The two took turn about going down, wearing only the regulation swimming suit and diving shoes. They stayed down about 30 minutes at a time and, by alternating, noticed no effect from their day on the bottom of the sea, they declared.

Coldness Not Noticed
"There is no noticeable coldness to the water at that depth. Indeed, we were scarcely aware we were under water so far as temperature was concerned," explained McLean.

The beauty of the under-water scene was beyond description, he declared, especially in the waving forests of kelp. Deep sea fish swam around the divers, peering at them curiously and brushing right up to them. When they entered the water carrying bait, great fish would come up and seize the morsels from their hands. Attempts have been made to spear some of these fish, but so far none have been successful, because the divers have not yet learned to judge the necessary force to hurl the spear against the water resistance.

Better success attended their efforts during the abalone season, when they were able to secure the

WILL SPEAK HERE

Edward F. Trefz, nationally known community builder director, who will be the principal speaker at annual banquet of the Santa Ana Business Men's association Wednesday night.

Club Entertained At Paine's Home

YORBA LINDA, Feb. 4.—Mr. and Mrs. Charles Paine entertained the Friday Evening Bridge club at their home Friday. Dr. and Mrs. R. C. Cochran were special guests. Others present were Mr. and Mrs. C. H. Elchler, Mrs. Stanley Tutton, Mr. and Mrs. M. F. Hoben, Mr. and Mrs. Grover S. Beal, Mr. and Mrs. George Myers, Mr. and Mrs. B. M. Selover, and Mr. and Mrs. J. W. Murray. Mrs. Murray received first prize for women and Dr. Cochran won gentleman's first prize. Mrs. Selover received second prize and Mrs. Hoben the consolation. The next meeting of the club will be held in the home of Mr. and Mrs. J. W. Murray.

NOTED BUILDER OF POPULATION TO SPEAK HERE

Business men and women of Santa Ana today had increased their interest in the annual banquet at the Santa Ana Business Men's association, to be held Wednesday night, at St. Ann's Inn, following announcement, Saturday, by R. Earl Ruddy, secretary, that Edward F. Trefz had been procured as the principal speaker of the evening.

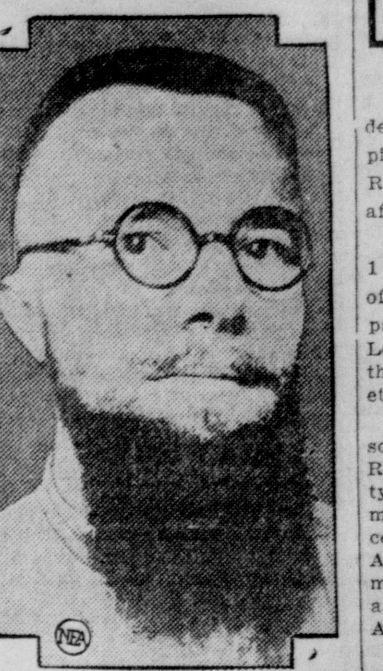

Pointing out that Trefz is nationally known for his success in creation of community organizations for the building of population, Ruddy said that since 1905 he has spoken before a major organization in virtually every city in the United States having 10,000 or more population.

He was the man selected by President-elect Herbert Hoover, when he was food administrator during the war, to go to Europe and study the needs of the armies and workers and then advise the people of the United States what their particular job should be. He later was selected by President Woodrow Wilson to go to the western part of Canada, as his special envoy, to establish thorough co-operation between the dominion and the United States in the allocation of ships and supplies for the armies and people of the allies.

Trefz now is confining his efforts to Southern California and at present is community counselor for the Edwards and Wilkey company, Los Angeles.

HELD FOR RANSOM

Chinese Communist bandits demanded \$10,000 ransom for the release of the Rev. Edward Young, above, young Philadelphia priest, whom they kidnaped near Nananfu, Kiangsi.

A gold medal will be awarded by the government of Cuba to each primary teacher whose record shows 25 successive years of acceptable service in public schools of the country.

Administration of the Schick test for diphtheria and the Dick test for scarlet fever is compulsory for all pupils between certain ages in government schools of Mexico.

HIRAM K. SNOW, 63, PASSES IN L. A. HOSPITAL

Hiram K. Snow, 63, former resident of Tustin and the son of a pioneer, died last night in the Roosevelt hospital, Los Angeles, after a long illness.

Funeral services will be held at 1 p. m., Wednesday, in the chapel of the E. Claire Overholzer company, 1236 South Grand avenue, Los Angeles. Interment will be in the family plot in Fairhaven cemetery, this city.

Mr. Snow is survived by two sons, Norman, of Los Angeles, and Robert, of Camarillo, Ventura county. He was a brother of J. Edmund Snow, of this city, and a cousin of W. B. Snow, of Santa Ana. Mrs. Hugh Plumb, Mrs. Sherman Stevens and Mrs. Cood Adams, of Tustin, and Henry M. Adams, of Anaheim.

When his father, H. K. Snow, settled in 1877, on what is now known as the A. J. Cruickshank property in Tustin, Mr. Snow entered the Tustin schools and remained in the Tustin district until 1887, when he married Miss Minnie Norman, stepdaughter of Dr. W. B. Wall, and moved to Ventura to assume management of his father's ranch, close to which the city of Oxnard later was developed. For some years past he had been making his home in Los Angeles.

THE ED. EHLEN GARAGE AT ORANGE. Is a Diamond Tire Dealer

Formerly located at the Olive Garage. ... And even then a Diamond Tire Dealer. He is a booster for Diamonds ... Not only because he sells them ... but ... because he believes in them. Just Ask Him!

Ehlen—called "Ed" by his friends and customers—is a native son of California, and was born and reared in Orange. He owned the only garage in Olive for 5 years—1923 to 1928—and in June, 1928, moved his service into Orange, into the 5-year-old building just vacated by the Orange branch of the Orange County Ignition Works. The building and service has been under his management ever since.

Ehlen was the Olive dealer for Diamond Tires while in that city, and now represents this line in Orange. He will continue as a Diamond Tire Dealer ... "forever" he says. Ehlen sells Diamond Tires chiefly because of the service these tires—and the local distributor—gives. He states: "In case the 'rare' adjustment call is made, I find I can give One-Day Service. 'However,' he also added, 'rare indeed is the call for adjustment made. Diamond Tires 'stand the gaff'!"

Ehlen operates a complete auto repair service in conjunction with his tire service. Three men are employed in this department.

Interesting Program To Be Presented Thursday

The Harrell mixed quartet that is composed of Mrs. Lucille Harrell-Bond, soprano; LaVerne Harrell, contralto; S. L. Harrell, tenor; and Gilbert Harrell, baritone, are planning to present a concert at the First Christian church Thursday night, 7:45 o'clock.

Lillian Harrell, soprano, and Mrs. Adeline Cochems-Harrell, pianist will assist.

Selections by the quartet will include "Thy Mercy's Day" by Adams, "Salutation" by Ganes, "Nearer My God To Thee" by Nichols, "O Lamb of God" by Adams, "The Old Road" by Scott, "Serenade" by Abt, "The Bugle Song" by Tenyson, "Wind of the Sea" by Johns, "Mammy's Lullaby" by Roberts, "Along the River of Time" by Root, and "Home" by Dvorak.

Edward Burns, who is one of the city's most popular musicians, will present "Estrellita" by Ponce, "A Dream" by Bartlett, "Traumerei" by Schumann, "Danz Rustique" by Squires, and "Air" by Rinaldo.

The Harrell sisters' trio, which is always greeted with applause, will give two groups of songs that will include "Invocation" by Mann-Zucca, "Time of Roses" by Reichardt, "Will of the Wisp" by Spross, and "Persian Serenade" by Matthews.

An especially interesting selection will be "The Angel's Serenade" sung by Lucille Harrell-Bond with Edward Burns accompanying.

Several pleasing duets will be sung. Among them will be "The Venetian Boat-Song" by Blumen-thal, and "O Divine Redeemer" by Gounod, by LaVerne Harrell and Lucille Harrell-Bond, and "God Is Love" by Lucille Harrell-Bond and S. L. Harrell.

LaVerne Harrell's lovely contralto voice will be heard in "Songs My Mother Taught Me" by Dvorak, and "Love's Sorrow" by Shelley, "Invocation to Life" by Spross, and "Dawn" by Courton.

Especially lovely will be the songs given by Mrs. Harrell-Bond. They will be "The Birthday" by Woodman, "Let Miss Lindy Pass" by Rogers, and "Danny Boy" by Weatherly.

The Rev. W. S. Buchanan, pastor of the church, will offer the invocation.

Valentine Motif Is Used
At Pretty Surprise
Party

The Valentine motif was an appropriate means of decorations for the recent surprise birthday party given at the home of Mrs. George Wood in honor of her daughter, Mrs. Joe West, Mrs. Wells Gowdy was co-hostess at the affair.

Many interesting games were played during the evening, and the winners were presented with attractive prizes. The prizes were wrapped in bright red paper to carry out the Valentine idea.

At a late hour refreshments were served by the hostesses. The one large table was centered with a birthday cake attractively decorated with red candles and heart candies.

Those present were the honoree, Mrs. Joe West, Joe West, Mr. and Mrs. Jim Corbett, Mr. and Mrs. Thomas Darcy of Pasadena, Miss Hazel Lee, Miss Mildred Paul, Howard Sutherland, Earl Hankamer, Wells Gowdy, and the hostesses, Mrs. George Wood and Mrs. Wells Gowdy.

ANN MEREDITH'S MIXING BOWL

WHY CHILDREN CATCH DISEASES

Those intangible but important items, the A, B and C vitamins which promote and maintain healthy growth of mind and body, are often lightly slid over because of lack of time in food preparation.

The busy housewife neglects the serving of nourishing soups, and sauces made with vegetables because it means stopping to prepare and cook the ingredients, and she puts it off till the next time...

And presently small Sammy and Susy get the sniffles, or catch every childish disease that comes their way. This happens because their resistance to infection has become impaired—largely due to not getting their daily quota of vegetable C vitamin—vitally important in this day of pasteurized milk.

Tomorrow you will find in this space a splendid recipe for preparing a vegetable marmalade. With this base many delightful foods may be quickly prepared and the family's health kept to the mark. Watch for the recipe.

TODAY'S RECIPE

Clam-Meat Loaf
1 pound chopped beef
1 pound chopped veal
1 pound chopped lean pork
1 tall can minced clams
2 eggs, well beaten
7 onion, diced fine
1 teaspoon butter
1 cup soft bread crumbs
1 cup milk
Salt and pepper

As given above, this is the original recipe, but as I ate it, slightly changed in its meat ingredients, it wins the world's prize as the best and most deliciously flavored meat dish in captivity—that is, if you like clams.

The change in meats cuts out the veal altogether, uses but one-half pound of pork and one and one-half pounds of chopped steak. The diced onion is gently fried in the butter, the bread-crumbs are soaked in the milk and clam juice, eggs are well beaten and all ingredients are thoroughly mixed with a fork, or with the hands, seasonings added and the mass formed into a loaf and set to bake in a hot oven until lightly browned. The heat is then reduced and the loaf is left to finish, closely covered. Time is 1 1/4 hours, and the loaf serves six and leaves a few slices over for the hungry one's bedtime snack.

Almost 2000 calories in this meat loaf, or 490 to the individual. Fortunately for safety on dangerous curves most of these calories are proteins designed to build tissue rather than supply energy.

Every woman who keeps house and cooks for a family should have one day off when it comes to the inevitable dinner...but how to get it? How about the soup kettle, dear lady? ...

Most well trained families will welcome a soup dinner once a week with whoops of joy, so just sit down and mail me a stamped, self-addressed envelope and I will send you this week's free leaflet, **WHOLE MEAL SOUPS.**

Dance at St. Ann's Inn Marks Conclusion of Convention

Saturday night's dinner and dance at St. Ann's Inn was a fitting climax to the fifth district convention of Twenty-Three clubs which was held here Saturday.

The inn was gay with spring flowers which were also used in massed effect upon the tables.

Tevis Westgate, district governor and former president of the local Twenty-Three club, presided over the dinner and he introduced several delegates from other towns who made informal addresses.

Later in the evening an interesting series of Spanish dances was presented by Faustina Lucero, and she was accompanied by Salvador Nuno.

Music for the program of fox trots and waltzes which occupied the evening hours was provided by Jack Gladhill's popular orchestra.

The committee in charge of arrangements for the dance included Richard Ewert, chairman; Hume West, Wayne Lunderback, David Taylor, and Leland Finley.

Representatives from clubs in Las Vegas, Nev., Barstow, San Bernardino, Riverside, Corona, Upland, Ontario, Oceanside, and Santa Ana were present.

Homer Chaney Addresses Santa Ana Chapter, D. A. R.

Homer Chaney, trust officer at the First National bank, presented an interesting and concise address on "Uncle Sam as a Banker" Saturday afternoon at the monthly meeting of the Daughters of the American Revolution, held at the North Main street home of Miss Mabel McFadden.

Mr. Chaney gave a brief explanation of the federal reserve system and told of the many ways in which the system benefited all banks throughout the United States.

At the short business session that followed the address, the chapter voted its yearly contributions to the various projects which are to be sponsored by the Daughters of the American Revolution during the coming year.

During the social hour, delicious refreshments were served by Miss McFadden who was assisted by a committee that included Miss Doris Robbins, Miss Vane Plumb, Miss Martha Whitson, Miss Irene Cantland and Mrs. Ada McFadden.

The next meeting of Santa Ana chapter will take place March 4 at the home of Mrs. W. E. Otis, 1330 North Main street.

Friends of Pianist Are Eagerly Awaiting Recital

Many local music-lovers and friends of Miss Allien Lair, one of Santa Ana's most promising young pianists, are eagerly anticipating the recital program, which she will present Tuesday evening, February 5, at Ebbl auditorium, at 8:15 o'clock.

Miss Lair, pupil of June Hartman, head of the piano department of Santa Ana Conservatory of Music, will be assisted on her program by Murrel Knox, soprano, and Mary Clanton, dramatic reader.

They will present the following interesting, well-varied program:

I. Prelude and Fugue in F Minor (Bach), Scherzo (Grieg), Aus dem Carnaval (Grieg), by Allien Lair, pianist.

II. Dawn in the Desert; Sunset in the Desert; Night in the Desert (Boehnke) by Mary Clanton, dramatic reader.

III. Polonaise (MacDowell); Characteristic Piece (Sinding); Rhapsodie Hongroise No. 6 (Liszt) by Allien Lair.

By Louise Stephenson

The WOMAN'S DAY

By ALLENE SUMNER

"The Mental and Personal Qualifications of a Wife" is the title of an article discovered in a recently exhumed copy of "The Gentleman's Magazine" from some month way back in 1761. Summing it all up, gentlemen then as now seemed to like them beautiful but dumb.

THE LIST

This worthy stipulates "a great good nature and a prudent generosity, a lively look and a proper spirit and a cheerful disposition, young, by all means, old, by no means."

A FEW MORE

"A decent share of common sense, just tinctured with a little seasonable repartee and a small modicum of wit—but no learning, I say again and again, either ancient or modern, upon any consideration whatever."

SOME MORE

"She should be well, but not critically skilled in her own tongue, with a proper knowledge of accounts and arithmetic, but no sort of skill in fractions. Ready at her needle, but more devoted to plain work than fine. An acquaintance with domestic news, but no acquaintance with foreign. Decently, but not affectingly, silent."

To all of which one can but respond with an obvious and feeble, "They don't change much with the centuries." They just said it differently then.

DRESSMAKING COCKTAILS

Speaking of styles, Jean Patou, noted couturier, has installed a bar for the convenience of his lady patrons while waiting for fittings and so on. This is a for-women-only bar, and special cocktails to the women's tastes are prepared and offered here.

American husbands, when confronted by the first of the month bills or when ranting against prohibition, might console themselves by reflecting how much worse wifely bills might be in an open bar country.

WHO WANTS IT?

An annual award for the year's most distinguished act of gallantry, chivalry, courtesy, call it what you will, is proposed by some Frenchmen who are scandalized at the grievous state into which gallantry has fallen. They propose a school of gallantry, awarding the annual prize, teaching youths how to kiss a lady's hand with finesse, and how, in short, to behave otherwise than "horribly" which at present describes their manner. A pertinent question is whether women want to be bothered with these old-time gallantries. But of course they do!

DIDN'T SPEAK

Living for more than ten years in the same house without speaking and with all communications handled in writing from each one to their daughter and from her to the other one, is the strange marital achievement of Mr. and Mrs. William Evans of Hyde Park, Pa. It seems that neither husband nor wife, however, whether they could so demean themselves as to speak to each other or not, permitted the other to overlook any marital obligations. He passed notes requesting that his socks be mended or that she have a special dish for supper, and she reminded him that the screens needed mending or the furnace stoked.

And what can one really say to anything like this—except marvel that such pertinacity could not be put to nobler ends!

The whole bunch tumbled down the hill, and Scouty cried, "Wow, what a spill. How are we ever going to stop? This hill is pretty steep. I've turned a somersault or two, and now I don't know what to do. I guess we'll just keep rolling. It will do good to weep."

"Grab hold of something," Clowny cried. "A bush whisked by right by my side. I wish I'd grabbed it good and tight. I'd then be safe and sound." However, nothing else came near. The path ahead looked very clear. Said Carpy, "We won't stop until we reach the level ground."

And then a Trouble Tot chirped out, "Say, just what is this all about? I don't care much for tumbling, and my limbs are getting sore. Won't someone call this to a halt? I'll bet this is you Tines' fault." Just then they knew a stream was near. They heard the water roar.

"Hurrah!" cried Carpy, "I can

see that we will very shortly be all through with hillside falling. There's the bottom of the hill." And he was right. Their tumbling race stopped when they reached the level place. The Tines and the Trouble Tots sat panting, very still.

"Oh, my, I'm glad to rest," said one. "That really wasn't any fun. I'll bet we fell a mile or so. At least it seemed that far. But all of that is over now. And we've survived the shock somehow. This place we're resting in is strange. I wonder where we are."

Before a soul could say a word, a very funny sound was heard. It frightened everybody as it echoed through the air. Then Clowny shouted, "Mercy me, we'd all best hide behind a tree." A big black thing is coming, and it looks just like a bear.

(The bunch catch the bear in the next story.)

Orange

Book Review

The importance of reading as a stimulus for creative thinking was stressed in a talk given by Mrs. Mabel Faulkner at the regular meeting of the Book Review section held at the Orange public library, this week.

During a brief talk which preceded the book reviews, it was stated that a large percentage of the books selected by the Book Review club of Greater Boston, were on the shelves of the Orange library.

Books reviewed by Mrs. Faulkner, "The Book Collecting Game," by A. Edward Newton; "Portage, Wisconsin, and Other Essays," by Zona Gale; "Magic Ring," by Ruth A. Brown; "Flies of Spring," by Dorothy Carson; "Old Dark Houses," by J. B. Priestly, and "The Art of Thinking," by Ernest Dinet.

Mrs. Faulkner has the happy faculty of creating a desire in her listeners to read the books she reviews.

An interesting event of the near future will be the "Womanless Wedding" to be presented by the members of the P.T.A. when prominent business men of the city will appear as bridesmaids, movie stars, flapper, charming little girls and women of all ages in all sorts of characterizations. The event is scheduled for presentation on February 22, at the Orange union high school auditorium. It will be under the direction of Mrs. Catherine Smith of Los Angeles.

"The Womanless Wedding" was presented by the Ebell club of Anaheim two nights this week, Thursday and Friday. The presentation on both nights drew large audiences and was said to have been very successful.

The Bidding: South bids one spade. West passes. North bids two clubs. East bids two diamonds. South bids two spades and all pass.

Deciding the Play: West leads 10 of diamonds and Declarer takes the trick with Ace of diamonds. Declarer now draws three rounds of trumps and exhausts opponents of them. Declarer has made four tricks. He is certain of two more spade tricks and two more club tricks or a total of eight tricks. He may thus make his contract. If, however, Declarer fineses Jack of clubs he will either make game or lose his contract. How should Declarer play?

The Error: Declarer plays conservatively, does not finesse and makes his contract.

The Correct Method: Declarer finesesses and makes a small slam if it succeeds.

The Principle: At love score it is always permissible to try for game at risk of losing contract. (Copyright, 1929, Ready Reference Publishing Co.)

Dinner

In honor of the birthday of her daughter, Evelyn, Mrs. Frank McFadden entertained with a chicken dinner at her home Wednesday evening. The dinner was also a farewell to her son Melvin, who left Thursday for Lompoc.

A birthday cake with the honoree's name and age centered the table. Those present were Mrs. H. Rhodes and daughter, Catherine, Mr. and Mrs. Louis McFadden and daughter, June, and Ulema McCamish, and Mr. and Mrs. McFadden and son, Melvin.

Ladies' Aid

Twelve members of section one of the Ladies Aid met Wednesday for an all day meeting at the home of Mrs. Edgar Leuh. The women sewed for their rummage sale to be held this spring. A potluck luncheon was served at noon.

Junior Choir

A junior choir for the Methodist church was organized Tuesday evening at the home of Mrs. G. E. Herman when she entertained 20 of the young people.

Delicious refreshments were served at the close of the practice by Mrs. Herman and her daughter, Valerie.

Mid-Week Club

Miss Ocie Cooley was delightfully surprised Tuesday evening to find herself the guest of honor at a hope-chest shower given by Mrs. T. H. Cooley for the members of the Mid-Week Sewing club and a few friends.

Believing she was attending only a party of the club Miss Cooley was charmed when she won first prize in a game at the close of the evening and found that the prize was a complete kitchen set in green enamel, each member of the club contributing one of the articles.

Refreshments were served at a late hour by the hostess. Her guests were Mrs. D. O. Brown, Mrs. A. J. Brown, Mrs. Archie Tryon, Mrs. W. E. Sturdivant, Mrs. Ben Nimmo of Orange, Mrs. Ella Benson, Mrs. Sarah Morgeson, Mrs. E. C. Counts, Mrs. Felix Neveu, Mrs. Mable Grinn, and Miss Cooley.

"SUBMARINE" WINS CROWD'S APPROVAL AT YOST BROADWAY

That fast-moving, soul-stirring drama, "Submarine," which held the breathless attention of crowds of playgoers at the West Coast-Walker theater yesterday on its opening day here, is one of the most striking pictures of the year. The action revolves around two petty officers in the navy, and a friendship which is so great that each would sacrifice his life for the other. Jack Holt as one of the two, is afforded opportunity for some of the most thrilling underwater scenes that have ever been filmed. Ralph Graves as his "buddy," does excellent work and keeps Holt on the qui vive lest he lose the picture.

Dorothy Revier handles the difficult role of a fickle, temperamental dance hall girl, in a manner that does credit to her acting ability.

"Submarine" has plenty of thrills. The under-water sequences provide most of these, and are warranted to make almost anyone's blood run cold.

Yesterday's performances were heightened in interest for Walker patrons, by the revival of the always-popular Fanchon and Marco "Ideas." Yesterday's bill was the "Hotter'n Hot Idea," and was all that its name indicated. His Santic Majesty was there to keep the home-fires burning, and the bill offered a melange of dancing, singing and ensemble numbers that truly entertained. Such stars as Jean and Fritz Herbert, Irving Rose, Erik Bye, and Franklin and Warner were featured, together with Jacques Hay and Marguerite Miller, and the "Hotzy Totsy Beauties" themselves, graceful, gallant and gay.

WEST END

John Gilbert and Greta Garbo, whose disarming naturalness in the more romantic interludes of "Love" and "Woman of Affairs" caused a deal of speculation as to whether or not they took tea together so pleasantly when not chaperoned by a camera, are co-stars of "Mask of the Devil," Metro-Goldwyn-Mayer feature screen offering at the West End theater yesterday and today.

Doctors Warn against undereating

Too little fat in the body makes us a prey to disease

EMINENT medical authorities are alarmed and warn that so many girls and adults of both sexes are dieting themselves to a dangerous loss of weight.

A famous doctor says: "The most delicate parts of the body are always the ones to suffer first. A woman who is naturally sweet-tempered, good-natured, competent . . . becomes petulant, unreasonable, hard to get along with. A man who is thus starving himself becomes irritable and inefficient in the office and grouchy at home. . . . He begins to fall off in judgment and mental ability." This doctor goes on to show that nature stores up fat in the body as a reserve and that it is dangerous to destroy this reserve by dieting. Such an individual, he says, "becomes an easy prey for all manner of chronic ailments—kidney and liver diseases, and degeneration of the brain, spinal cord and nerves . . . typhoid fever, pneumonia, influenza and colds."

How much more intelligent it is to eat varied, nourishing foods, rather than eliminating the one ingredient that adds flavor and enjoyment to all other foods. Sweetness is the ideal flavor. What is so tasteful and refreshing as a salad of fresh grapefruit—sweetened with powdered sugar—and lettuce? Eat enough fruits and cereals. The best cooks are generous with sugar. INTELLIGENT AUTO REPAIRING—

MOST cars are good cars today, but every now and then some defect shows up. It can't be helped when you consider the thousands of revolutions your motor makes—the hundred and one moving parts, rough roads, etc., etc. Yes, something goes wrong under that constant pounding, but the wise motorist doesn't wait until the thing is hopelessly ruined. PACIFIC COAST PROGRAMS TO BE SENT EAST

Radio programs presented on the Pacific coast will be available regularly to listeners in the east on and after February 6, according to announcement made today by the National Broadcasting company.

Inauguration of this latest development in transcontinental broadcasting will bring two of the best orchestras in the far west to the receiving sets of eastern listeners. The orchestras are the Pacific Vagabonds, to be heard regularly every Wednesday afternoon in the program of symphonic jazz, and the Pacific Little Symphony, which will present, each Friday afternoon, a program of classical selections.

These two orchestras, playing before the microphone in the NBC's San Francisco studios, will be fore-runners of a host of NBC entertainment units on the Pacific coast. Recent installation of permanent transcontinental lines by the NBC, linking New York with San Francisco, has made possible this stride forward in the development of radio broadcasting. It was pointed out, heretofore, only programs of national importance requiring special wire facilities have been brought to the east by the NBC.

The new west-to-east broadcasting schedule will be inaugurated with two weekly programs. The Pacific Vagabonds will present an hour's program of symphonic jazz every Wednesday afternoon from 1 to 2 p. m., Pacific standard time. The Pacific Little Symphony will be on the air every Friday afternoon, from 1 to 2 o'clock, Pacific standard time, WEA and associated stations of the NBC system will broadcast the Pacific Vagabonds, while the Pacific Little Symphony will be heard from WJZ and associated stations. Both programs will be heard on the Pacific coast. Max Dolin is the conductor.

While reversal of the broadcasting circuit appears to be a comparatively simple feat to the layman, radio engineers claim it is a real achievement of engineering. Before the circuit can be reversed in order that western programs may flow east, approximately more than one hour's effort in rerouting circuits is required. Changes must be made in circuits and reversed lines must be thoroughly tested before a broadcast is transmitted.

FIRESTONE PROGRAM IS NBC'S OFFERING

The "Voice of Firestone" programs, always notable for variety and novelty, will present a more than ordinary attractive group of numbers tonight over 42 stations associated with the National Broadcasting company. The program falls into five distinct sections, grouped as Italian, classical, home, popular and variety. Particular interest attaches to the third number in the home group, the beautiful, and too seldom heard, "The Swan," by Saint-Saens, who, with Massenet, shares the distinction of being the most classical French composer of his generation.

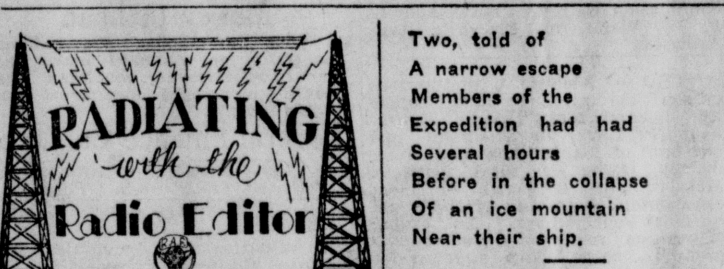

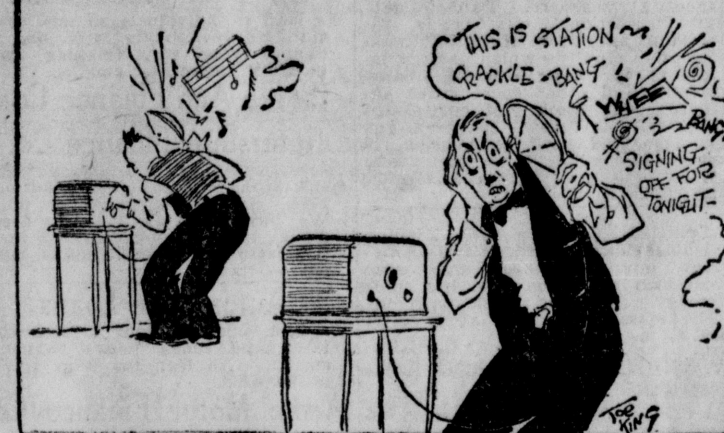

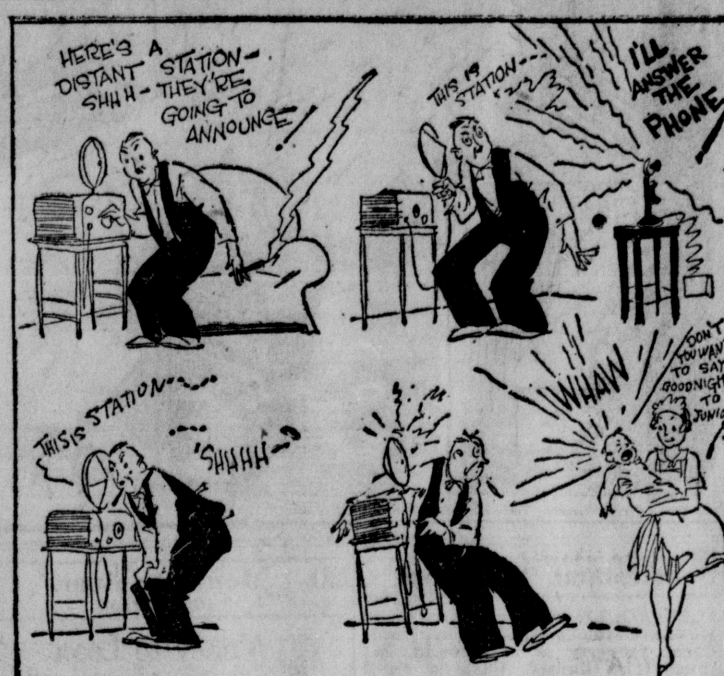

Request Curb On Radio Advertising Of Boulder Lands

LOS ANGELES, Feb. 4.—The Southern California council of the California Development association has asked the federal radio commission to curb "certain unscrupulous and misleading advertising now being broadcast" in an attempt to unload worthless land on the tide of Boulder dam enthusiasm.

A resolution, declaring that much of the advertising of the dam is either because of its distance from the site or because of engineering difficulties was passed by the association's publicity committee, headed by Justus Cramer, of Orange.

Have you ever heard of Charles Kellogg, famous whistler? He is said to be able, through the vibration of a certain whistled note, to extinguish the flame of a candle in the same room. And, to prove it is not trickery, Kellogg has whistled this particular note into a radio microphone, extinguishing the flame of a candle placed in front of a small loud speaker many miles from the whistler.

Don't forget Paul Whiteman! He brings his famous orchestra to the west coast every Tuesday night, starting tomorrow, via the Columbia network. The programs, to be released by KPLA-KMTR, will start at 6 p. m.

Ever listen in on the Sunday night-Monday morning programs of the Royal and Egyptian Order of Tomcats? Its broadcast every Sunday night from KFOK, Long Beach, and the Tomcats are on the air "from 11 o'clock till unconscious," with that condition coming on at about 2 a. m. They're a lot of fun and introduce some real humorous talent that isn't heard elsewhere.

The father of Mr. Snow, who preceded him in death by 15 years, was credited with the origination of the one cent a pound tariff first levied against imported oranges. He spent five months in Washington in behalf of support of a congressional bill creating the one cent tariff. He was assisted in the work by M. J. Daniels, of Riverside.

Paul Revere Will Broadcast Tonight

The sound of horse's hoofs appropriately will introduce Paul Revere and his horse Geronimo, to radio dialers tuned to KGO at 6 o'clock tonight.

Some of the most popular numbers of today will either be sung or played on the piano by Paul Revere, during his 30 minutes before the microphone. His program also will include several ukulele selections.

Financial and Market News

NEW YORK STOCKS

NEW YORK, Feb. 4.—(UP)—Call money tightened from 7 to 8 percent today, but this stiffness had only a minor effect on the stock market operations. After a short list had been carried into sharply higher ground, prices turned generally irregular, the bulls, which had been bid up aggressively earlier, became irregular at the close.

Two issues Bethlehem Steel and Congress Cigar, gained more than 5 points.

Radio Corporation had a sharp advance, but failed to hold it all. Copper shares were in fair demand, although gains where they existed were relatively small. Motor shares firmed up fractionally and a few special issues like Shattuck and Remington-Rand were in demand.

Expectations of further gold shipments and markedly easier money within the next few days offset fears that the stock exchange would be prevented from breaking through its present plateau.

Large paper profits to cash them on the bulge. Buying orders under the market were touched off on the decline preventing wide break.

NEW YORK CURE

BY RICHARD L. GRIDLEY
NEW YORK, Feb. 4.—(UP)—Reverend president of the Electric Bond and Share securities and impressive strength in the industrial division were outstanding features of the market today. The electric bond and share broke more than four points but sharp runs occurred in Taggart Corporation, Hiram Walker, Checker Cab and Crocker-Wheeler, the latter issue moving up nearly 10 points.

Sentiment was more cheerful due to reports the Bank of England would not change its discount rate and that the five per cent charge would be maintained at the local bank. With the tickers running almost at a standstill, the market was a study of individual sales, traders were quick to buy stocks and shorts were thrown in urgent demand for securities of the list.

Oil was improved following impressive strength in Continental Oil. Standard Oil of Indiana quickly moved ahead several points and Cities Service firmed up. Aside from the sharp drop in Electric Bond & Share, utilities were in demand with small gains being scored by Empire Power, American & Foreign Power, and Associated Gas & Electric.

BONDS

By Otto E. Sturm
NEW YORK, Feb. 4.—(UP)—A firm general tone characterized the fairly active opening session of the bond market. The market was reflecting the opinion of traders that the week will be one of ease in the money market. Copper and convertibles were the star performers, with recent favorites in the speculative market showing a decline in irregularity. The foreign list was steady in a narrow range of price movements, while United States government securities were firm in light trading.

Anaconda and Tennessee Copper 12 featured the copper advance, reflecting the opinion of traders that the week will be one of ease in the money market. Copper and convertibles were the star performers, with recent favorites in the speculative market showing a decline in irregularity. The foreign list was steady in a narrow range of price movements, while United States government securities were firm in light trading.

THE ADVANCING SOUTH

No man traveling through the South today will fail to notice that the South of romance and chivalry and ante-bellum days no longer exists, and that the South of the future has appeared upon the scene. The young writers of the South are no longer harking back to the past. They have seen a new vision. The industrial South has begun to loom ominously. The steel industries of Alabama, the textile industries of dairy enterprises springing up everywhere,—all indicate that a new day has dawned for the South. The South is becoming more like the North, and in this likeness she is adopting Northern attitudes.

This attitude of the new South is to change the whole character of her life. Her politics will change radically. The break in the solid South at the last election marks an epoch. Once broken, it will not again seem impossible to break the solid South. In addition to that, the economic program of the South, becoming more and more that which has existed in the North, will separate them less in the nation's councils. Already the South is asking for protective tariffs. Hitherto only Louisiana looked for a tariff to protect her sugar industry. Now other parts of the South are beginning to make their appeals.

In these changes that are taking place much that has made the South a region of charm will pass away. That will be a real loss in our national life. But the industrial program which has swept over the nation has struck the South. Only a few voices are crying out against it. The South wants to share some of that prosperity which hitherto made no appeal. The South is becoming the land of the booster and the hustler. How the old Southerner would resent this new life which has become so drab and monotonous and has been stripped of the fancy and the romance which made the novels of Thomas Nelson Page and George W. Cable not unlike the stories of Scott!

It won't be long now until we know what Hoover eats for breakfast, and what time the clock is wound and the cat kicked downstairs.

INTERNATIONAL ERA OF GOOD WILL

The opening of air mail service between the United States and South American countries, it is estimated, will bring New York and Chile two weeks closer together. Only good can result from the inauguration of this service. It all makes for a better understanding of the aims and ideals both of the United States and the countries to the south.

The two most important points of contact between the nations are business and diplomacy. It is easy to see that investment of our capital which seems to be so much needed in the countries of the south will be accelerated and made safer, to the mutual advantage of all concerned. Capital here is seeking profitable outlets and nowhere is it needed more than in some of these places. Natural resources of these countries both in mineral and agricultural wealth are awaiting development to the mutual advantage of all nations concerned.

Both men and women from the United States will go more readily to far away lands if communication between home and business is easier and quicker.

Every new step in transportation of goods, passengers, or intelligence has quickened the business life of the world, brought better understanding between peoples and advanced the civilization of the world and the comfort of the inhabitants.

In matters of state the advantage is no less. It has often been suggested that if communication between the American colonies and England had been in the 18th Century what it is in the 20th, the Revolutionary war need never have been fought. Neither nation understood the other. When weeks are reduced to day and days to hours or minutes, nations become neighbors and sentiments and arguments more easily register. Nations of the world have become mutually inter-dependent and diplomacy can make business, trade, and commerce not only possible but pleasant and profitable to both sides.

We have had in the United States what the historians call an era of good feeling. The time is ripe for this same sort of era amongst all the nations of the western hemisphere.

The average wind velocity in Philadelphia is said to be ten miles an hour. Not the political wind, however.

EMPHASIZING THE TEXT

The Investment Bankers Association of America declares that our country is increasing its wealth at the rate of one billion dollars a month.

While we have really no conception of what such a vast amount of money as a billion dollars is, it does give us some idea of what America may mean to the rest of the world. We have reached such a state of material gain that it is hardly necessary for our leaders to further emphasize it, at least for a while. It is related that on one occasion a minister was preaching for Dwight L. Moody at a church in Chicago, and he chose as his text "Be diligent in business, fervent in spirit, serving the Lord." And then he dwelt entirely upon the part of being "diligent in business." At the conclusion of the sermon Mr. Moody said to him, "If you knew a Chicago audience better you would know that it was unnecessary to preach to them on the subject of being 'diligent in business.' But the other part of the text could be used with great profit, 'Serving the Lord.'"

In view of the fact that not all of the people are profiting from the great wealth that is coming to our country, undoubtedly the latter portion of this text could be emphasized to the value of all and the nation as a whole must keep its ideals.

ONE MEETS AN OLD MAN

When one is fifty, or forty, or even thirty, one frequently feels that because some years of concentrated learning and important experiences are passed the rest of life will be rather a dead level of even tempered living. One loses the habit of looking forward to things. One has already lived through days of intensive learning, adjustments, to a job, love, marriage and children. So much has been felt that one quite completely fails to realize what other things there may be in life. One begins to feel a bit weary.

Then one meets a man or woman of eighty or more years, in full possession of all his or her faculties, and talking with him realizes how much of life is still ahead, even at fifty or sixty. Brown-ing one time put the idea for us all:

"Grow old along with me!

The best is yet to be,

The last of life for which the

first was made."

It may be a bit harder to learn a new language. There may be a few things we can't take up at sixty, such as tennis, but at sixty one doesn't care so much for tennis anyhow and there are so many other things to learn and experience,—friendships to cultivate and harvest; maybe more leisure to devote to little neighborly kindnesses. There are the philosophers of all the ages to be explored; there is science, there is travel, actual or through books.

Behold at fifty and sixty just as at twenty and thirty we can look at the older man and think that we are going to strive to live as fully as he has lived and this idea of striving and character growth lifts the years from our shoulders and we aren't old. We have thirty or forty years before us for living and the silly sophisticated youngsters of thirty are still in the nursery.

An Ohio man reported his lilac bush in full bloom the other day. The desert isn't the only place a man can enjoy a mirage.

FAKE MEDICAL DIPLOMA

Probably the electric car conductor who obtained the fake medical certificate alleged to be a diploma from the University of Belgium cannot see why he should not be able to practice medicine with it. It looks just like any other diploma with its seals and signatures and Latin and everything.

It is a good thing that these fakes are exposed, for it is difficult enough to know what to do with human ailments after the greatest experience and the longest time spent in actual study and practice.

TROTSKY IN TURKEY

By the latest reports, Trotsky has landed in Turkey. It is feared by his friends that he will be secretly put out of the way while he is in the embassy of the soviet republic.

Undoubtedly Trotsky himself would rather suffer martyrdom if it could be done in the open so that all the world would know it, but to be banished and to be secretly assassinated holds no lure for a man of Trotsky's temperament. But the revolutionists of Russia will not permit the efforts of counter-revolutions.

Mighty Odd Weapon

Imperial Valley Press

Viewed from the layman's standpoint, if proof is required that there is need for revision of California's criminal code, it is furnished by the San Diego case wherein a street car motorman is charged with assault with a deadly weapon.

The weapon the motorman used was a street car. While he was operating the car it struck and seriously injured a young mother. A small baby which she was wheeling in a carriage, escaped injury when the brave mother pushed it out of the way, risking her own life to save the child.

Apparently the only charge under the California law, which the state could bring against the motorman to ascertain if the latter was at fault in the accident, is the deadly weapon one.

We have a reckless driving charge for those who operate automobiles in a manner likely to injure others. Certainly a street car is not to be considered as deadly as an automobile. It is confined to a definite route and is not, like the auto, likely to appear from almost any direction or any angle. The street car gives some measure of warning, but a recklessly driven automobile gives little, if any.

Back east there used to be a charge of criminal negligence lodged against operators of street cars or other vehicles which were driven carelessly. It appears to us that this at least sounds like a more sensible charge. And if there is guilt involved on the part of the operator, a jury is more likely to find him guilty of negligence than of assault. To the benighted layman the word assault conveys the desire to injure. One can be criminally careless and yet not have the desire to injure. We could accept the street car deadly weapon charge as sensible if we were a race of physical giants, but we are not that.

The Dead Hand On A Wall

New York Times

Among curious bequests becoming available only in the distant future must be ranked the provision of a New York will. It leaves \$10,000 to accumulate as a trust fund for fifty years, when the principal will be used to build a stone wall around a Methodist cemetery. The testator left specific directions that the wall is to be made of gray stone, to be four feet high and sixteen inches thick. 'This sounds as if he had been himself a member of the Stonemasons' union.

The modern tendency is against this kind of laying a dead hand on trustees at a remote time. Often courts have been appealed to in order to divert such legacies, which prove to be, after a period of years, ill advised, to some similar and more promising field. Yet it would be impossible to say how this legal doctrine of estoppel could be applied to a cemetery. Perhaps it would be held that a cremation plant would be the same thing.

It has been customary to refer to Benjamin Franklin's will as containing a glaring example of an attempt to impose a dead hand on coming generations. But his legacy to Boston, as has recently been pointed out by the advocates of the New York Community trust, contained the stipulation that the "manager of the donation," after one hundred years might "lay out" the accumulated fund "at their discretion." Thus it appears that Franklin was willing to admit that trustees a hundred years later might know what to do better than he did.

Just a Little More "Hoover Relief"

More Truth Than Poetry

By James J. Montague

MAN AND AMPHIBIAN

The tadpole, swimming through the cool
And placid waters of the pool

Beholds, reposing on a log,
The dignified and haughty frog.

And thinks that he would much prefer
To have that air of high hauteur

And when he wearied of the deep
Upon a lily pad to sleep.

The frog pursued by stealthy snakes
Which lie in wait among the brakes
Thinks, of the days, alas, now dead
Before his writhing tail he shed

And when he was too slim and small
For snakes to care about at all.

"Alack," he murmurs, "what to me
Are all my pride and dignity?"

I'd gladly leave the mossy fen
And be a tadpole once again."

And thus the poor amphibian
Is not so different from man.

With childhood joys or adult pride
They're neither of them satisfied.

Dr. Frank Crane's Friendly Talk

By Dr. Frank Crane

PLAY YOUR HAND

A man who told another man what qualifications he wanted in a wife received this answer:

"You want a woman that is beautiful and accomplished and rich and intellectual. You want everything. But every rose has its thorn. You can't have everything, and the best way to do is to be satisfied with what you get."

Too many people complain that they have not this or that advantage.

The witty woman wants to be beautiful and the poor woman wants to be rich. Everybody wants something he has not. But the art of life is to make the best of what you have. It is to accept whatever circumstances surround you and do the best you can with them. Nobody has everything.

Probably if you were a fine violin player you would not be a very good writer, and if you were an excellent orator you would not be much of a thinker. The question always is, "What is in thine hand?"

Have you ever thought that each quality in your make-up is like a card in the hand of a player?

Conditions form the hand you are playing against. Each new situation is a card.

With your hand of abilities and weaknesses you play against the situations that you meet every day of your life.

It is the skill with which you use this "hand of cards" called "YOU" that determines your ultimate place in life.

Each new situation presents a different front and requires a new decision on how to play to meet it.

Only one hand is dealt in the beginning and we play it over and over in infinite combinations.

It is as if we move from group to group, trying our skill with the hand we have against new and varied opposition.

Few people are dealt a full hand of health, wealth, beauty and brains.

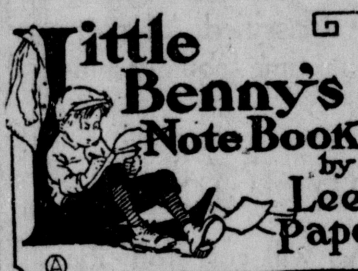

If we hold a face card it is usually "mixed amongst" the nines and tens.

If you feel you have a poor hand, railing against luck, fate or the dealer avails nothing. There is no re-deal. If you want to play, you have to do it with the hand that was dealt to you.

And, after all, the test of worth is not winning with a full hand, but maneuvering to victory with a weak one.

The best salesman is not the one who makes good in a "sure fire" territory, but the one who brings in the record from the "dead" one.

I was walking along just wawking along, and I thawt, G, there's Puds Simkins leaning over tying his shoe.

Me reconizing him by the back of his shape, and I thawt, Gosh heres a good chance to give him stoops.

Meaning to give him a fearsae slap some place, being all rite to do according to law if you see anybody you know stooping all a ways over and sneek up in back of them before they see you, only you haft to yell Stoops first.

Wich I did, yelling Stoops and giving him sutch a fearsae slap I almost bent my hand, and he quick stood up strate and here who was it but somebody elts, being as fat as Puds but much tuffer looking saying, Hay, wats the ideer?

Good nite, G, I thawt you was a friend of mine, I sed.

O you did, heh, he sed, and I sed, Yes, and he quick gave me a push in the frunt of the face, saying, Do you think Im a friend of yours now?

No, I sed, and he gave me a face another push, saying, Do you think Im a friend of yours now?

No, I sed feeding kind of mad, and he gave it another push, terning up my nose and pritty near sticking his finger in my eye, saying, De you think Im a friend of yours now?

Yes, I sed feeling mad as the dooce. And I quick kicked him all my mite in one shin and ran to beet the band, him starting to run after me, only he had to stop a cupple of times to rub his shin and by that time I was still fether ahd of him each time, the result being I got in my house and slammed the door wile he was still 4 payments in back of me.

Thoughts On Modern Life

By Glenn Frank

THE LARGER POWER PROBLEM

Our ears are daily assailed with discussions of the power problem and the utility problem.

Liberals rightly contend that the future of our social order is closely related to what we do respecting control of the motive power that runs our industries, drives our transportation systems, cooks our meals, and lights our homes.

Liberals rightly contend that the future of our social order depends upon wise and effective control and operation of our public utilities.

But these problems are not as simple and as separate as they may seem.

Neither can be solved by a single and simple remedy. Yesterday I overheard two intelligent looking men, enroute from Chicago to Detroit, discussing current political problems.

"This power problem," said the first, "is one of the biggest political problems we have, and will be for some time. We'll have to work out a sane national policy on water power."

"Yes," said the second, "and the control of public utilities is another big political problem."

As these men talked it was evi-

dent that they thought the water power problem was the biggest part of the power problem, and that the control of utilities was a problem all by itself.

We need to realize how interlocked these problems are, and to understand that water power is not the whole of the power problem.

Great industries operating with steam power are today generating surplus electric power which, unused by the industries generating it, is being distributed by the great utility corporations. This is likely to increase rather than decrease. It may increase to an extent that will make water power the minor and steam driven industry the major producer of electric power. If so, the relative importance of water power as a political issue will change.

And, then, if the production of electric power by steam-driven industry increases to a great extent we shall have to realize that the social control of public utilities will mean, in a very real sense, the social control of the industries producing the power the utilities distribute.

This is why it is dangerous to over-simplify our public problems. Copyright, 1929, McClure Newspaper Syn.

OUR CHILDREN

By ANGELO PATRI

RETRIBUTION

Hugo was a very good child when he was barely two years. But soon after reaching that age he developed a habit of slapping people. Any variation from what he fancied pleasant at the moment was a signal for his right hand to shoot out and land where it might. Mother slapped him smartly in return but it seemed to have no effect other than to strengthen his force and assure steadier aim.

By and by Hugo went out to play with the other children. Soon he was slapping right and left and the stricken hosts were flying to their mothers for refuge.

"Please keep him to himself," begged one weary mother. "I can't seem to make my Jackie slap him back and there's never a moment's peace if they are together."

Keeping neighbor children apart is out of the question. Hedge them about with a sky-high hedge and they will be found together by evening. The battle ragrd on Hugo always the victor. The bare mention of his name was enough to scatter the ranks, so far does a little demonstration carry a reputation. For many months this state of things held. Then Ruth moved into the house on the corner.

Ruth was about Hugo's age, height, and weight. She stood stoutly on two sturdy legs, well apart. She looked the world coldly in the eye, her own a pale blue-gray, a hint of china in it. When Hugo slapped Jackie and Jackie started off to tell his mother, Ruth stood firmly in her place and said, "What's the matter Jackie?"

"He's always hitting me."

"Is he? Why don't you hit him back?"

"Cause he isn't able, see?" said Hugo cockily.

"No? He could if he wanted to. So could I."

"I'd like to see you—"

Ruth lowered her head and butted Hugo in the soft place and down he went. He rose up wrathfully, and not without astonishment in his full round face. He advanced toward Ruth. She met

him half way with a smart smack on the right cheek followed with its mate on the left. Hugo gasped and stared, all the fight gone out of him.

"Listen. If you smack us kids we'll smack you good. You let us alone and we'll let you alone," Ruth uttered this manifesto with deliberation and great calm, backed with a bent forearm and a neatly clenched fist.

"All right," said Hugo. "I'm not hurting you, am I?"

Slapping a child who slapped a child is useless. The smacked child is the one to return the compliment, not an adult. A verdict rendered by one's equals is always the most satisfactory. A child gets another child's viewpoint quickly. He gets the adult's point rarely and always slowly.
